

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Harriet Schab  
DOCKET NO.: 07-28490.001-R-1  
PARCEL NO.: 12-23-225-040-0000

The parties of record before the Property Tax Appeal Board are Harriet Schab, the appellant(s), by attorney Edward Larkin, of Larkin & Larkin in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$ 7,636  
**IMPR.:** \$ 56,582  
**TOTAL:** \$ 64,218

Subject only to the State multiplier as applicable.

**ANALYSIS**

The subject property contains a 5,615 square foot parcel of land improved with a two-story dwelling of masonry construction containing 5,474 square feet of living area. The dwelling is 39 years old. Features of the home include a full basement and a three-car garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on three comparable properties described as two-story, frame or masonry dwellings that range: in age from 44 to 46 years; in size from 3,422 to 6,309 square feet of living area; and in improvement assessments from \$4.96 to \$8.32 square feet of living area. Features include three to six baths and two properties have a two-car garage. The subject's improvement assessment is \$10.34 per square feet of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$64,218 was disclosed. The board of review presented descriptions and assessment information on four comparable properties consisting of two-story, masonry dwellings that are between 47 and 52 years old. The dwellings range in size from 4,709 to 5,370 square feet of living area. Features include four to five and one half-baths. These properties have improvement assessments ranging from \$10.12 to \$10.68 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds the comparables submitted by the board of review, were most similar to the subject in location, size, exterior construction and age. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments that ranged from \$10.12 to \$10.68 per square foot of living area. The subject's improvement assessment of \$10.34 per square foot of living area is within the range established by the most similar comparables. Therefore, the Board finds the subject's improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
