

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Robert Loftus
DOCKET NO.: 07-28834.001-R-1
PARCEL NO.: 04-35-317-007-0000

The parties of record before the Property Tax Appeal Board are Robert Loftus, the appellant(s), by attorney David R. Bass, of Thompson Coburn LLP in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$9,974
IMPR.: \$42,526
TOTAL: \$52,500

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property consists of a 8,906 square foot parcel of land improved with a 56-year old, two-story, frame, single-family dwelling containing 1,336 square feet of building area, one and one-half baths, air conditioning, a fireplace, and a full, unfinished basement. The appellant argued unequal treatment in the assessment process as the basis of this appeal.

In support of the equity argument, the appellant submitted descriptions and assessment information on a total of five properties suggested as comparable and located within the subject's neighborhood. The properties are described as two-story, masonry or masonry and frame, single-family dwellings. Features include one and one-half baths, air conditioning and a fireplace for two properties, and, partial or full, unfinished basements. The properties range: in age from 57 to 60 years; in size from 1,368 to 1,506 square feet of building area; and in improvement assessments from \$26.46 to \$29.98 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's improvement assessment of \$42,526 or \$31.83 per square foot of living area was disclosed. In support of the subject's assessment, the board of review presented descriptions and assessment information on two properties suggested as comparable and located within a quarter-mile of the subject. The properties are described as two-story, frame, single-family dwellings. Features include one and one-half or two and two-half baths, two fireplaces for one property, and, a partial or full basement with one finished. The properties are 61 and 62 years old, contain 1,320 and 1,494 square feet of living area, and have improvement assessments of \$32.94 and \$31.64 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the PTAB finds the appellant has not met this burden.

The parties presented a total of seven properties suggested as comparable to the subject. The PTAB finds the appellant's comparables #2 and #3 and the board of review's comparables most similar to the subject in design, age, size, construction, and/or location. The properties are described as two-story, masonry or frame and masonry, single-family dwellings. The properties range: in age from 57 to 62 years; in size from 1,368 to 1,500 square feet of living area; and in improvement assessments from \$26.46 to \$32.94 per square foot of living area. In comparison, the subject's improvement assessment of \$31.83 per square foot of living area is within the range of these comparables. Therefore, after considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is supported and a reduction in the improvement assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
