

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Antonette Bucaro
DOCKET NO.: 07-29059.001-R-1
PARCEL NO.: 03-17-201-016-0000

The parties of record before the Property Tax Appeal Board are Antonette Bucaro, the appellant, by attorney Lisa A. Marino, of Marino & Assoc., PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 10,612
IMPR.: \$ 28,939
TOTAL: \$ 39,551

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a 36-year old, two-story, frame and masonry, single-family dwelling. It contains 1,919 square feet of living area and is situated on a 12,060 square foot site. Features include one and one half-baths, four bedrooms, a partial, finished basement, central air conditioning, one fireplace, and an attached two-car garage.

The appellant submitted evidence before the Property Tax Appeal Board claiming unequal treatment in the assessment process as the basis of the appeal. In support of the equity argument, the appellant submitted descriptive and assessment data, as well as black and white photographs, for three suggested comparables. The properties are improved with a two-story, frame, single-family dwelling, all of which are located within a four mile radius of the subject. They range: in age from 54 to 59 years; in size from 1,530 to 1,926 square feet of living area; and in improvement assessment from \$12.94 to \$13.15 per square foot of living area. The subject's improvement assessment is \$15.08 per square foot of living area. Amenities for the suggested

comparable properties include one or two baths, a partial finished basement for one property, central air conditioning, one fireplace, and an attached or detached two-car garage. Based upon this analysis, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review-Notes on Appeal" wherein the subject's improvement assessment of \$28,939 was disclosed. In support of the subject's assessment, the board of review submitted descriptive and assessment data, as well as black and white photographs, relating to four suggested comparables located within the subject's neighborhood, one of which is located within a one-quarter mile radius of the subject. The properties are improved with a two-story, frame and masonry, single-family dwelling. They range: in age from 34 to 42 years; in size from 1,919 to 1,979 square feet of living area; and in improvement assessment from \$16.90 to \$17.57 per square foot of living area. Amenities for the properties include one and one half or two and one half-baths, four bedrooms, a partial, finished or unfinished basement, central air conditioning, one fireplace for two properties, and a two-car garage. Based upon this evidence, the board requested confirmation of the subject's assessment.

At hearing, the appellant's attorney re-affirmed the evidence previously submitted and indicated that the appellant's comparable #2 has the same amenities as the subject property. The board of review's representative indicated that the board's comparable #1 is virtually identical to the subject property.

After hearing the testimony and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The parties submitted a total of seven suggested comparable properties for the Board's consideration. The Board finds that comparables #1 through #4 submitted by the board of review are most similar to the subject in improvement size, age, location, exterior construction, design, and/or amenities. They are all two-story, frame and masonry, single-family dwellings that contain between 1,919 and 1,979 square feet of living area. Additionally, they are between 34 and 42 years of age with four bedrooms, central air conditioning, a partial basement and a two-car garage. In analysis, the Board accorded the most weight to these comparables. These comparables ranged in improvement

assessment from \$16.90 to \$17.57 per square foot of living area. The subject's improvement assessment at \$15.08 per square foot is below the range established by these comparables.

After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

The constitutional provision for uniformity of taxation and valuation does not require a mathematical equality. A practical, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that properties located in the same area are not assessed at identical levels, all the constitution requires is a practical uniformity which appears to exist on the basis of the evidence. For the foregoing reasons, the Board finds that the appellant has not proven by clear and convincing evidence that the subject property is inequitably assessed. Therefore, the Property Tax Appeal Board finds that the subject's assessment as established by the board of review is correct and a reduction is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
