

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Josephine Fragale
DOCKET NO.: 07-29060.001-R-1
PARCEL NO.: 03-35-311-006-0000

The parties of record before the Property Tax Appeal Board are Josephine Fragale, the appellant, by attorney Lisa A. Marino, of Marino & Assoc., PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 10,489
IMPR.: \$ 35,927
TOTAL: \$ 46,416

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a 19-year old, two-story, masonry, single-family dwelling. It contains 2,632 square feet of living area and is situated on an 8,741 square foot site. Features include two and one half-baths, four bedrooms, a full, finished basement, central air conditioning, one fireplace, and an attached two-car garage.

The appellant submitted evidence before the Property Tax Appeal Board claiming unequal treatment in the assessment process as the basis of the appeal. In support of the equity argument, the appellant submitted descriptive and assessment data, as well as black and white photographs, for three suggested comparables. The properties are improved with a two-story, frame or frame and masonry, single-family dwelling, all of which are located within a three block radius of the subject. They range: in age from 19 to 44 years; in size from 2,671 to 3,419 square feet of living area; and in improvement assessment from \$8.72 to \$13.24 per square foot of living area. The subject's improvement assessment is \$13.65 per square foot of living area. Amenities for the

suggested comparable properties include two baths, a full, unfinished basement, central air conditioning, one fireplace for two properties, and an attached one and one-half or two-car garage. Based upon this analysis, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review-Notes on Appeal" wherein the subject's improvement assessment of \$35,927 was disclosed. In support of the subject's assessment, the board of review submitted descriptive and assessment data, as well as black and white photographs, relating to four suggested comparables located within the subject's neighborhood, all of which are located within a one-quarter mile radius of the subject. The properties are improved with a 19 year old, two-story, masonry, single-family dwelling containing 2,632 square feet of living area. They range in improvement assessment from \$14.36 to \$16.25 per square foot of living area. Amenities for the properties include two and one half-baths, four bedrooms, a full, unfinished basement, central air conditioning, one or two fireplaces, and an attached two-car garage. Based upon this evidence, the board requested confirmation of the subject's assessment.

At hearing, the appellant's attorney re-affirmed the evidence previously submitted and indicated that the appellant's comparables #1 and #3 have the same amenities as the subject property and are similar in square footage. The board of review's representative indicated that the board's comparables #1 through #3 are virtually identical to the subject property.

After hearing the testimony and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The parties submitted a total of six suggested comparable properties for the Board's consideration. The Board finds that comparables #1 through #3 submitted by the board of review are most similar to the subject in improvement size, age, location, exterior construction, design, and/or amenities. They are all 19 year old, two-story, masonry, single-family dwellings that contain 2,632 square feet of living area. Additionally, they all contain two and one half-baths, four bedrooms, central air conditioning, a full, unfinished basement and a two-car garage. In analysis, the Board accorded the most weight to these comparables. These comparables ranged in improvement assessment

from \$14.36 to \$16.25 per square foot of living area. The subject's improvement assessment at \$13.65 per square foot is below the range established by these comparables.

After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

The constitutional provision for uniformity of taxation and valuation does not require a mathematical equality. A practical, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that properties located in the same area are not assessed at identical levels, all the constitution requires is a practical uniformity which appears to exist on the basis of the evidence. For the foregoing reasons, the Board finds that the appellant has not proven by clear and convincing evidence that the subject property is inequitably assessed. Therefore, the Property Tax Appeal Board finds that the subject's assessment as established by the board of review is correct and a reduction is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
