

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Anna Kim
DOCKET NO.: 07-29179.001-R-1
PARCEL NO.: 03-29-340-031-1015

The parties of record before the Property Tax Appeal Board are Anna Kim, the appellant, by attorney Herbert Kanter, of Rieff Schramm Kanter & Guttman in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 1,792
IMPR.: \$ 59,997
TOTAL: \$ 61,789

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a class 2-99 residential condominium unit located in Wheeling Township, Cook County. The appellant argued that the market value of the subject property is not accurately reflected in its assessed value. In support of this overvaluation argument the appellant submitted a copy of a settlement statement dated August 26, 2005 indicating the subject was purchased by the appellant for \$615,425, a recorded warranty deed, and an owner's policy in the amount of \$615,425 issued by Chicago Title Insurance Company. Based on this evidence the appellant requested the subject's assessment be reduced to reflect the subject's purchase price.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's total assessment of \$95,352 was disclosed. This assessment reflects a market value of \$949,721 using the Illinois Department of Revenue's 2007 three year median level of assessment for class 2 property of 10.04%. In support of the subject's assessment, the board of review also submitted a memo from Matt Panush, Cook County Board of Review Analyst. The

memorandum shows that 16 units, or 20.295% of ownership, within the subject's building sold between 2004 and 2007 for a total of \$7,802,164. An allocation of three percent per unit for personal property was subtracted from the aggregate sales price then divided by the percentage of interest of units sold to arrive at a total market value for the building of \$37,290,465. The subject's percentage of ownership, 2.5199%, was then utilized to arrive at a market value for the subject unit of \$94,344. The board also submitted a grid listing for each unit in the building: the property identification number; the percentage of ownership; the assessment information; and sales dates and prices of units that sold between 2004 and 2007. As a result of its analysis, the board requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds the evidence in the record supports a reduction in the subject's assessment.

When overvaluation is claimed the appellant has the burden of proving the value of the property by a preponderance of the evidence. National City Bank of Michigan/Illinois v. Illinois Property Tax Appeal Board, 331Ill.App.3d 1038 (3rd Dist. 2002); Winnebago County Board of Review v. Property Tax Appeal Board, 313 Ill.App.3d 179 (2nd Dist. 2000). Proof of market value may consist of an appraisal, a recent arm's length sale of the subject property, recent sales of comparable properties, or recent construction costs of the subject property. 86 Ill.Admin.Code 1910.65(c). Having considered the evidence presented, the Board concludes that the evidence indicates a reduction is warranted.

The appellant in this appeal submitted a settlement statement for the subject property showing a purchase price of \$615,425 in August 2005 with a paid broker's commission listed on Line 700. The appellant's petition further indicated the transfer of the subject involved non-related parties. The subject's assessment reflects a market value greater than the purchase price as shown on the settlement statement and corroborated by the recorded warranty deed and owner's policy for title insurance.

Based on this record the Property Tax Appeal Board finds that the subject property had a market value of \$615,425 for the 2007 assessment year. Since market value has been determined, the 2007 three year median level of assessment of 10.04% for class 2 property as established by the Illinois Department of Revenue shall apply and a reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
