

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Dan Crecan
DOCKET NO.: 07-29544.001-R-1
PARCEL NO.: 03-24-200-065-0000

The parties of record before the Property Tax Appeal Board are Dan Crecan, the appellant, by attorney Mitchell L. Klein of Schiller Klein PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 9,800
IMPR.: \$ 27,867
TOTAL: \$ 37,667

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a three-story multi-family dwelling of masonry construction containing 5,796 square feet of living area. The dwelling is 35 years old. Features of the building include six apartment units and a slab foundation.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on four comparable properties described as two-story masonry multi-family dwellings that are either 35 or 36 years old. The comparables have the same assigned classification and neighborhood codes as the subject, and three are located in the same block as the subject property. Each comparable dwelling contains 5,796 square feet of living area with six apartment units and a slab foundation. The comparables have improvement assessments ranging from \$4.42 to \$5.04 per square foot of living area. The subject's improvement assessment is \$7.56 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" without any equity evidence in support of its assessed valuation of the subject property. The board of review submitted

the subject's August 2005 sale price of \$357,206 but did not address the appellant's equity evidence.

In rebuttal, the appellant's attorney noted that the board of review did not present any comparable properties.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has met this burden.

The Board finds that the comparables submitted by the appellant were nearly identical to the subject in location, size, age, design, exterior construction, and features. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments of \$4.42 to \$5.04 per square foot of living area. The subject's improvement assessment of \$7.56 per square foot of living area falls above these amounts. The board of review provided the subject's August 2005 sale price but did not submit any equity evidence to refute the evidence presented by the appellant. As a result, the Board finds the subject's improvement assessment is not equitable and a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
