

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Anthony Rosati  
DOCKET NO.: 07-29764.001-R-2  
PARCEL NO.: 01-22-400-086-0000

The parties of record before the Property Tax Appeal Board are Anthony Rosati, the appellant(s) by attorney David D. Albee in Galena and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$62,747  
**IMPR:** \$176,873  
**TOTAL:** \$239,620

Subject only to the State multiplier as applicable.

**ANALYSIS**

The subject property consists of a 130,724 square foot parcel of land improved with a seven-year old, two-story, masonry, single-family dwelling containing 7,637 square feet of living area, six and one-half baths, air conditioning, five fireplaces, a full unfinished basement, and a four-car attached garage. The appellant argued unequal treatment in the assessment process as the basis of this appeal.

In support of the equity argument, the appellant submitted descriptions and assessment information on a total of five properties suggested as comparable and located on the subject's Sidwell Block. The properties are described as two-story, masonry, single-family dwellings. Features of the homes include: four to seven baths, air conditioning, two or four fireplaces, three and one-half or four car garages, and full basements with three finished. The properties range: in age from seven to 10 years; in size from 5,576 to 14,134 square feet of living area; and in improvement assessments from \$15.62 to \$24.09 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's improvement assessment of \$315,752 or \$41.35 per square foot of living area was disclosed. In support of the subject's assessment, the board of review submitted the property characteristic printout for the subject property and listed the sale of the subject in October 2004 for \$3,785,000. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the PTAB finds the appellant has met this burden.

The appellant presented a total of five properties suggested as comparable to the subject. The PTAB finds these comparables similar to the subject. The properties are described as two-story, masonry, single-family dwellings located on the subject's Sidwell block. The properties range: in age from seven to 10 years; in size from 5,576 to 14,134 square feet of living area; and in improvement assessments from \$15.62 to \$24.09 per square foot of living area. In comparison, the subject's improvement assessment of \$41.35 per square foot of living area is above the range of these comparables. Therefore, after considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is not supported and a reduction in the improvement assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
