

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kenneth Garvey
DOCKET NO.: 07-30127.001-R-1
PARCEL NO.: 04-25-100-025-0000

The parties of record before the Property Tax Appeal Board are Kenneth Garvey, the appellant, by attorney Arnold G. Siegel, of Siegel & Callahan, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$25,440
IMPR: \$101,911
TOTAL: \$127,351

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a two-story, frame, single-family dwelling. It is seven years old and contains 4,078 square feet of living area. Features include a full unfinished basement, central air conditioning, three and one-half baths, and a three-car garage.

The appellant, via counsel, contends assessment inequity. In support of the assessment inequity argument, the appellant submitted information regarding five suggested comparable properties. The properties are masonry, or frame and masonry constructed. They range in age from 7 to 19 years old and range in size from 4,368 to 4,665 square feet of living area. Features include: a full unfinished basement, central air conditioning, and a two and one-half or three-car garage. These comparables have improvement assessments that range from \$22.96 to \$26.00 per square foot of building area. The subject's improvement assessment is \$122,462 or \$30.03 per square foot of building area. Based on this evidence, the appellants requested a reduction in the subject property's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein its final assessment of \$147,902 was disclosed. The board of review did not present any evidence to demonstrate the subject was correctly assessed.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal. The Board further finds the evidence in the record supports a reduction in the subject's assessment.

The appellant argued assessment inequity as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessments by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. After an analysis of the assessment data the Board finds the appellant has demonstrated unequal treatment by clear and convincing evidence.

The record contains descriptions and assessment information on a total of five comparables submitted by the parties. The Board finds appellant's comparables #2, #3 and #5 are the most similar to the subject property in location, size, and amenities. These comparables have improvement assessments of \$22.96 to 25.90 per square foot of building area. The subject has an improvement assessment of \$30.03 per square foot of building area, which falls above the range established by the most similar comparables. Based on this record the Board finds a reduction in the subject's assessment based on assessment inequity is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
