

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Anis (Dennis) Elahi
DOCKET NO.: 07-30138.001-R-1
PARCEL NO.: 20-10-313-009-0000

The parties of record before the Property Tax Appeal Board are Anis (Dennis) Elahi, the appellant(s), by attorney Arnold G. Siegel, of Siegel & Callahan, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 9,000
IMPR.: \$ 36,000
TOTAL: \$ 45,000

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property contains a 9,000 square foot parcel of land improved with a three-story, multi-family dwelling of masonry construction. The dwelling contains 9,276 square feet of living area and is 95 years old. Features of the home include six full bathrooms, three and one-half car garage, and a full unfinished basement.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted description and assessment information on three comparable properties described as two-story or three-story multi-family dwellings that range: in age from 98 to 120 years; in size from 6,238 to 9,660 square feet of living area, and in improvement assessments from \$2.52 to \$3.32 square feet of living area. The subject's improvement assessment is \$3.88 per square feet of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$45,000 disclosed. The board of review presented description and assessment information on four comparable properties consisting of three-story, masonry dwellings that range: in age from 2 to 103 years; in baths from six to eight and four half-baths, and in garages from two to four. Features include a partial or full unfinished basement. These properties have improvement assessments ranging from \$4.56 to \$8.81 per square foot of living area.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds the comparable # 1 submitted by the appellant and comparables #1, #2, and #3 submitted by the board of review were most similar to the subject in size, exterior construction and age. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments that ranged from \$2.52 to \$5.32 per square foot of living area. The subject's improvement assessment of \$3.88 per square foot of living area is within the range established by the most similar comparables. Therefore, the Board finds the subject's improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
