

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Joseph Pultz  
DOCKET NO.: 07-30205.001-R-1  
PARCEL NO.: 14-33-311-017-0000

The parties of record before the Property Tax Appeal Board are Joseph Pultz, the appellant, by attorney Lisa A. Marino, of Marino & Assoc., PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$ 24,442  
**IMPR.:** \$ 64,011  
**TOTAL:** \$ 88,453

Subject only to the State multiplier as applicable.

**ANALYSIS**

The subject property consists of a 2,952 square foot parcel of land improved with an one and one-half story, single-family dwelling of frame construction containing 2,006 square feet of living area. The dwelling is 118 years old. Features of the home include a full unfinished basement, air conditioning and a two-car garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on four comparable properties described as one story, single-family masonry dwellings that range in age from 103 to 116 years old. The comparable dwellings range in size from 1,842 to 2,362 square feet of living area. Features include a full unfinished or a finished basement, air conditioning for two properties and a one and one-half or a two-car garage. The comparables have improvement assessments ranging from \$21.69 to \$26.01 per square foot of living area. The subject's improvement assessment is \$31.91 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's total assessment of \$88,453 was disclosed. The subject's improvement assessment is \$64,011 or

\$31.91 per square foot of living area. The board of review presented descriptions and assessment information on three comparable properties consisting of one-story and one-half story, frame or masonry single family dwellings that range in age from 118 to 122 years old. The properties are located within the subject neighborhood. The dwellings range in size from 1,927 to 2,600 square feet of living area. Features include a full unfinished or a full finished basement, a one and one-half car garage or a two-car garage for two properties and a fireplace for one property. These properties have improvement assessments ranging from \$34.86 to \$36.61 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds the comparables submitted by the board of review are most similar to the subject in location, style, exterior construction, features and age. The properties are located within the subject neighborhood. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments that ranged from \$34.86 to \$36.61 per square foot of living area. The subject's improvement assessment of \$31.91 per square foot of living area is below the range established by the most similar comparables. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
