

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Bruce Lund  
DOCKET NO.: 07-30642.001-C-1  
PARCEL NO.: 13-13-411-044-0000

The parties of record before the Property Tax Appeal Board are Bruce Lund, the appellant, by attorney Michael Griffin in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$ 24,429**  
**IMPR.: \$ 75,678**  
**TOTAL: \$ 100,107**

Subject only to the State multiplier as applicable.

**ANALYSIS**

The subject has 10,440 square feet of land that is improved with a 53 year old, one-story, masonry, commercial building. The subject's improvement size is 5,852 square feet of building area, and its total assessment is \$100,107. This assessment yields a fair market value of \$278,075, or \$47.52 per square foot of building area (including land), after applying the 36% assessment level for industrial properties under the 2007 Cook County Classification of Real Property Ordinance. The appellant, via counsel, argued that the fair market value of the subject property was not accurately reflected in its assessed value as the basis of this appeal.

In support of the market value argument, the appellant submitted the first five pages of an appraisal with no additional data. It had an effective date of January 1, 2006. The appraiser estimated a fair market value for the subject of \$190,000. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The Cook County Board of Review submitted it "Board of Review-Notes on Appeal," wherein the subject's final assessment of \$100,107 was disclosed. In support of the subject's assessment, the board of review submitted a property record card for the subject, and raw sales data for six commercial buildings

located within three miles of the subject. The sales data was collected from the CoStar Comps service, and the CoStar Comps sheets state that the research was licensed to the Cook County Assessor's Office. However, the board of review included a memorandum which states that the submission of these comparables is not intended to be an appraisal or an estimate of value, and should not be construed as such. The memorandum further states that the information provided was collected from various sources, and was assumed to be factual, accurate, and reliable; but that the information had not been verified, and that the board of review did not warrant its accuracy.

The comparables are described as one-story, masonry, commercial buildings. Additionally, the comparables are from 34 to 57 years old, and have from 5,300 to 6,000 square feet of building area. The comparables sold between September 1996 and January 2003 for \$335,000 to \$600,000, or \$55.83 to \$100.00 per square foot of building area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board (the "Board") finds that it has jurisdiction over the parties and the subject matter of this appeal.

When overvaluation is claimed, the appellant has the burden of proving the value of the property by a preponderance of the evidence. Cook Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 339 Ill. App. 3d 529, 545 (1st Dist. 2002); National City Bank of Michigan/Illinois v. Prop. Tax Appeal Bd., 331 Ill. App. 3d 1038, 1042 (3d Dist. 2002) (citing Winnebago Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 313 Ill. App. 3d 179 (2d Dist. 2000)); 86 Ill. Admin. Code § 1910.63(e). Proof of market value may consist of an appraisal, a recent arm's length sale of the subject property, recent sales of comparable properties, or recent construction costs of the subject property. Calumet Transfer, LLC v. Prop. Tax Appeal Bd., 401 Ill. App. 3d 652, 655 (1st Dist. 2010); 86 Ill. Admin. Code § 1910.65(c). Having considered the evidence presented, the Board finds that the evidence indicates a reduction is not warranted.

The Board gives no weight to the appellant's appraisal as it was incomplete as submitted. The Board finds the pages containing the reasoning used to develop the approaches to value were not included in the appraisal. The Board finds that because of this error the estimate of value for the subject property is unreliable.

Accordingly, in determining the fair market value of the subject property, the Board finds that the appellant failed to submit sufficient evidence to show the subject was overvalued. Therefore, the Board finds that the appellant has not met its burden by a preponderance of the evidence and that the subject does not warrant a reduction based upon the market data submitted into evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
