

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Marc Czajkowski  
DOCKET NO.: 08-00745.001-R-1  
PARCEL NO.: 46-20-26-232-004

The parties of record before the Property Tax Appeal Board are Marc Czajkowski, the appellant, and the Champaign County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the **Champaign** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$20,920  
**IMPR.:** \$81,320  
**TOTAL:** \$102,240

Subject only to the State multiplier as applicable.

**ANALYSIS**

The subject property consists of a two-story frame constructed single family dwelling with 3,202 square feet of living area. The dwelling is approximately 22 years old. Features included a crawl space foundation, central air conditioning, a fireplace and a two-car attached garage. The property is located in Champaign, Champaign County.

The appellant claims overvaluation as the basis of the appeal. In support of this argument the appellant submitted an appraisal estimating the subject property had a market value of \$282,500 as of February 27, 2009. The evidence further revealed that the appellant filed the appeal directly to the Property Tax Appeal Board following receipt of the notice of a township equalization factor issued by the board of review increasing the assessment from \$102,240 to \$105,210. The copy of the Board of Review Assessment Notice submitted by the appellant stated the estimated market value of the subject as reflected by the equalized assessment was \$315,661. Based on this evidence the appellant requested the subject's assessment be reduced to \$94,157 to reflect the appraised value.

The board of review did not submit its "Board of Review Notes on Appeal" nor any evidence in support of its assessed valuation of the subject property.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. Based upon the evidence submitted, the Board finds that a reduction in the subject's assessment is supported.

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. National City Bank of Michigan/Illinois v. Illinois Property Tax Appeal Board, 331 Ill.App.3d 1038 (3<sup>rd</sup> Dist. 2002). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

After reviewing the record, the Property Tax Appeal Board finds the only evidence of market value was presented by the appellant in the form of an appraisal estimating the subject had a market value of \$292,500 as of February 27, 2009. The board of review submitted no evidence to refute this evidence or argument. However, the record indicates that the appellant appealed the assessment directly to the Property Tax Appeal Board based on notice of a township equalization factor issued by the board of review. Due to the fact the appeal was filed after notification of an equalization factor, the amount of relief that the Property Tax Appeal Board may grant is limited. Section 1910.60(a) of the rules of the Property Tax Appeal Board states in part:

If the taxpayer or owner of property files a petition within 30 days after the postmark date of the written notice of the application of final, adopted township equalization factors, the relief the Property Tax Appeal Board may grant is limited to the amount of the increase caused by the application of the township equalization factor. 86 Ill.Admin.Code §1910.60(a).

Additionally, section 16-180 of the Property Tax Code (35 ILCS 200/16-180) provides in pertinent part:

Where no complaint has been made to the board of review of the county where the property is located and the appeal is based solely on the effect of an equalization factor assigned to all property or to a class of property by the board of review, the Property Tax Appeal Board may not grant a reduction in the assessment greater than the amount that was added as the result of the equalization factor.

These provisions mean that where a taxpayer files an appeal directly to the Property Tax Appeal Board after notice of

application of an equalization factor, the Board cannot grant an assessment reduction greater than the amount of increase caused by the equalization factor. Villa Retirement Apartments, Inc. v. Property Tax Appeal Board, 302 Ill.App.3d 745, 753 (4<sup>th</sup> Dist. 1999). Based on a review of the evidence contained in the record, the Property Tax Appeal Board finds a reduction in the assessment of the subject property is supported. However, the reduction is limited to the increase in the assessment caused by the application of the equalization factor.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
