ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Multi-State Investment LLC
DOCKET NO.: 08-01984.001-R-1
PARCEL NO.: 14-34-327-010

The parties of record before the Property Tax Appeal Board are Multi-State Investment LLC, the appellant, by attorney Clyde B. Hendricks in Peoria, and the Peoria County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Peoria County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$2,700
IMPR.: \$17,059
TOTAL: \$19,759**

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a two-story dwelling of frame construction containing 1,564 square feet of living area. The dwelling was built in 1900. Features include a basement, central air conditioning, a fireplace and a garage.

The appellant submitted evidence before the Property Tax Appeal Board claiming overvaluation as the basis of the appeal. In support of the claim the appellant submitted information on three comparable properties. The appellant's comparables consist of one-story or two-story frame dwellings. They were built from 1900 to 1920. They contain 1,176 or 1,764 square feet of living area. All have basements, and two have fireplaces and garages. The comparables sold from June 2007 to June 2008 for \$17,500 to \$27,500 or \$14.88 to \$22.53 per square foot of living area including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's assessment of \$22,230 was disclosed. The subject's assessment reflects an estimated market value of \$67,099 or \$42.90 per square foot of living area including land using Peoria County's 2008 three-year median level of assessments of 33.13%.

In support of the subject's assessment the board of review presented descriptions and sale price information on three comparable properties. They consist of one-story or two-story frame dwellings that were built in 1900 or 1920. The dwellings have 1,504 to 1,728 square feet of living area. Two have basements, two have central air conditioning and garages, and one has a fireplace. The board of review's comparables sold from February to August 2007 for \$44,000 to \$62,500 or \$25.46 to \$38.97 per square foot of living area including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In rebuttal the appellant stated it objected to the board of review's evidence because "The Subject has been repossessed and re-sold." The appellant also argued that it is unfair to compare owner-occupied homes with rental properties such as the subject.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is warranted.

The appellant argued the subject is overvalued. When market value is the basis of the appeal, the value must be proved by a preponderance of the evidence. Winnebago County Board of Review v. Property Tax Appeal Board, 313 Ill. App. 3d 179, 183, 728 N.E.2d 1256 (2nd Dist. 2000). After an analysis of the evidence, the Board finds the burden has been met.

The record contains six suggested comparable sales for the Board's consideration. The appellant's comparables #2 and #3 and the board of review's comparable #1 are of a different design than the subject and were given reduced weight in the Board's analysis. The remaining three sales are generally similar to the subject. These four comparables sold for \$27,500 to \$62,500 or \$15.59 to \$38.97 per square foot of living area including land. The subject's estimated market value of \$67,099 or \$42.90 per square foot of living area including land is higher than all of these comparables. After considering the evidence the Board finds a preponderance of the evidence indicates that the subject is overvalued and a reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
