

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Zeb Gardner
DOCKET NO.: 08-02019.001-R-1
PARCEL NO.: 14-32-132-021

The parties of record before the Property Tax Appeal Board are Zeb Gardner, the appellant, by attorney Clyde B. Hendricks in Peoria, and the Peoria County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Peoria County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$3,550
IMPR.: \$12,783
TOTAL: \$16,333**

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a one-story dwelling of frame construction containing 700 square feet of living area. The dwelling was built in 1939. Features include central air conditioning and a basement.

The appellant submitted evidence before the Property Tax Appeal Board claiming overvaluation as the basis of the appeal. In support of the claim the appellant submitted information on three comparable properties. They are located in an area with the same neighborhood code as the subject. The appellant's comparables consist of one-story or one and one-half story frame dwellings. They were built from 1940 to 1945. They contain 827 to 1,397 square feet of living area. All have basements and central air conditioning, and two have garages. The comparables sold from May 2007 to June 2008 for \$49,000 to \$65,000 or \$46.38 to \$59.25 per square foot of living area including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's assessment of \$20,690 was disclosed. The subject's assessment reflects an estimated market value of \$62,451 or \$89.22 per square foot of living area

including land using Peoria County's 2008 three-year median level of assessments of 33.13%.

In support of the subject's assessment the board of review presented descriptions and sale price information on three comparable properties. They are located in an area with the same neighborhood code as the subject. They consist of one-story frame or masonry dwellings that were built in 1940 or 1947. The dwellings have 792 to 863 square feet of living area. All have basements, garages, and central air conditioning. The board of review's comparables sold from January 2007 to May 2008 for \$63,000 to \$86,500 or \$73.00 to \$109.22 per square foot of living area including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In rebuttal the appellant highlighted differences between the subject and the board of review's comparables. The appellant also argued that it is unfair to compare owner-occupied homes with rental properties such as the subject.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is warranted.

The appellant argued the subject is overvalued. When market value is the basis of the appeal, the value must be proved by a preponderance of the evidence. Winnebago County Board of Review v. Property Tax Appeal Board, 313 Ill. App. 3d 179, 183, 728 N.E.2d 1256 (2nd Dist. 2000). After an analysis of the evidence, the Board finds this burden has been met.

The record contains six suggested comparable sales for the Board's consideration. The appellant's comparables #1 and #2 are of a different design and are nearly twice as large as the subject. The board of review's comparable #3 is of a different exterior construction, has a partially finished basement and has two over-sized garages. The other three comparables sold for \$49,000 to \$74,400 or \$59.25 to \$88.57 per square foot of living area including land. The subject's estimated market value of \$62,451 or \$89.22 per square foot of living area including land is higher than that range on a per-square-foot basis even though it lacks a garage enjoyed by the board of review's comparables. After considering the evidence the Board finds a preponderance of the evidence indicates that the subject is overvalued and a reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
