

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Steven & Evelyn Tobin  
DOCKET NO.: 08-02100.001-R-1  
PARCEL NO.: 18-04-101-033

The parties of record before the Property Tax Appeal Board are Steven & Evelyn Tobin, the appellants, by attorney Clyde B. Hendricks in Peoria, and the Peoria County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Peoria County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$2,270  
IMPR: \$7,623  
TOTAL: \$9,893**

Subject only to the State multiplier as applicable.

**ANALYSIS**

The subject property is improved with a one-story frame dwelling containing 836 square feet of living area. The dwelling was built in 1910. Features include a basement, central air conditioning and a garage.

The appellant submitted evidence before the Property Tax Appeal Board claiming overvaluation as the basis of the appeal. In support of the claim the appellant submitted information on three comparable properties. The appellant's comparables consist of one-story frame dwellings. They were built from 1920 to 1947. They contain 624 to 796 square feet of living area. Two have basements and two have garages. The comparables sold from August 2007 to May 2008 for \$12,000 to \$18,000 or \$19.23 to \$26.63 per square foot of living area including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's assessment of \$10,750 was disclosed. The subject's assessment reflects an estimated market value of \$32,448 or \$38.81 per square foot of living area including land using Peoria County's 2008 three-year median level of assessments of 33.13%.

In support of the subject's assessment the board of review presented descriptions and sale price information on three comparable properties. They consist of one-story frame dwellings that were built from 1910 to 1924. The dwellings have 832 to 912 square feet of living area. All have basements, two have garages, and one has central air conditioning. The board of review's comparables sold from January to August 2007 for \$30,000 to \$44,000 or \$35.55 to \$48.25 per square foot of living area including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In rebuttal the appellants highlighted differences between the subject and the board of review's comparables. The appellant pointed out that the board of review's comparable #2 is located in the "East Bluff" section of the city while the subject and the other comparables are in the "West Bluff" section. The appellants also argued that it is unfair to compare owner-occupied homes with rental properties such as the subject.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is warranted.

The appellants argued the subject is overvalued. When market value is the basis of the appeal, the value must be proved by a preponderance of the evidence. Winnebago County Board of Review v. Property Tax Appeal Board, 313 Ill. App. 3d 179, 183, 728 N.E.2d 1256 (2<sup>nd</sup> Dist. 2000). After an analysis of the evidence, the Board finds this burden has been met.

The record contains information on sales and assessments of six suggested comparable properties for the Board's consideration. The board of review's comparable #2 was located in a different area of the city and was given reduced weight in the Board's analysis. The remaining five comparables were similar to the subject in size and design. They sold for \$12,000 to \$44,000 or \$19.23 to \$48.25 per square foot of living area including land. The subject's estimated market value of \$32,448 or \$38.81 per square foot of living area including land is higher than all but one of the five comparables on a per-square-foot basis. The board of review's comparable #1 is most similar to the subject overall in that it is very close in size to the subject and is the only comparable that has central air conditioning, a basement and a garage similar to the subject. It sold for \$35.55 per square foot of living area including land. The subject's estimated market value of \$38.81 per square foot of living area including land is higher. After considering the evidence the Board finds a preponderance of the evidence indicates the subject is overvalued and a reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
