

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jerry Meier
DOCKET NO.: 08-02102.001-R-1
PARCEL NO.: 14-34-301-003

The parties of record before the Property Tax Appeal Board are Jerry Meier, the appellant, by attorney Clyde B. Hendricks in Peoria, and the Peoria County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Peoria County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$ 1,980
IMPR.: \$ 15,090
TOTAL: \$ 17,070**

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a one-story dwelling of frame construction containing 1,457 square feet of living area including a finished attic area. The dwelling was built in 1924. Features include a basement, a fireplace and a garage.

The appellant submitted evidence before the Property Tax Appeal Board claiming overvaluation as the basis of the appeal. In support of the claim the appellant submitted information on three comparable properties. They were located in an area with a different neighborhood code than the subject, and the appellant did not indicate their proximity to the subject. The appellant's comparables consist of one-story or two-story frame dwellings. They were built from 1900 to 1920. They contain 1,176 or 1,764 square feet of living area. All have basements, and two have fireplaces and garages. The comparables sold from June 2007 to June 2008 for \$17,500 to \$27,500 or \$14.88 to \$22.53 per square foot of living area including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's assessment of \$17,070 was disclosed. The subject's assessment reflects an estimated market value of \$51,524 or \$35.36 per square foot of living area

including land using Peoria County's 2008 three-year median level of assessments of 33.13%.

In support of the subject's assessment the board of review presented descriptions and sale price information on three comparable properties. They are located in an area with the same neighborhood code as the subject. They consist of one-story frame dwellings that were built in 1920 or 1922. The dwellings have 1,216 to 1,492 square feet of living area. All have basements and central air conditioning, one has a fireplace, and one has a garage. The board of review's comparables sold from June 2007 to March 2008 for \$56,000 or \$67,000 or \$37.53 to \$55.10 per square foot of living area including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In rebuttal the appellant provided MLS listing sheets related to the board of review's comparables and highlighted their differences from the subject. The appellant also argued that it is unfair to compare owner-occupied homes with rental properties such as the subject.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant argued the subject is overvalued. When market value is the basis of the appeal, the value must be proved by a preponderance of the evidence. Winnebago County Board of Review v. Property Tax Appeal Board, 313 Ill. App. 3d 179, 183, 728 N.E.2d 1256 (2nd Dist. 2000). After an analysis of the evidence, the Board finds the appellant has not met this burden.

The record contains six suggested comparable sales for the Board's consideration. The appellant's comparables are located in areas that have different neighborhood codes than the subject, and the appellant did not indicate their proximity to the subject. The board of review's comparables are located in the same neighborhood code area as the subject and are similar in size and design to the subject. These three comparables sold for \$56,000 or \$67,000 or \$37.53 to \$55.10 per square foot of living area including land. The subject's estimated market value of \$51,524 or \$35.36 per square foot of living area including land is lower than that range. After considering the evidence the Board finds the appellant has not proven by a preponderance of the evidence that the subject is overvalued and no reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
