

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jerry Meier
DOCKET NO.: 08-02103.001-R-1
PARCEL NO.: 14-32-426-019

The parties of record before the Property Tax Appeal Board are Jerry Meier, the appellants, by attorney Clyde B. Hendricks in Peoria, and the Peoria County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Peoria County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$ 2,230
IMPR.: \$ 16,410
TOTAL: \$ 18,640**

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a two-story dwelling of frame construction containing 1,672 square feet of living area. The dwelling was built in 1930. Features include a basement and a garage.

The appellant submitted evidence before the Property Tax Appeal Board claiming overvaluation as the basis of the appeal. In support of the claim the appellant submitted information on three comparable properties. They are located in areas with different neighborhood codes than the subject, and the appellant did not indicate their proximity to the subject. The appellant's comparables consist of one-story or two-story frame dwellings. They were built from 1880 to 1930. They contain 1,128 to 1,306 square feet of living area. Each has a basement and a garage. The comparables sold from January to March 2007 for \$23,000 to \$29,900 or \$20.39 to \$25.87 per square foot of living area including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's assessment of \$18,640 was disclosed. The subject's assessment reflects an estimated market value of \$56,263 or \$33.65 per square foot of living area

including land using Peoria County's 2008 three-year median level of assessments of 33.13%.

In support of the subject's assessment the board of review presented descriptions and sale price information on three comparable properties. One is located in an area with the same neighborhood code as the subject. They consist of two-story frame dwellings that were built from 1914 to 1930. The dwellings have 1,284 to 1,547 square feet of living area. All have basements and garages, two have fireplaces, and the other one has central air conditioning. The board of review's comparables sold from January 2007 to May 2008 for \$58,000 to \$79,000 or \$45.17 to \$51.07 per square foot of living area including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In rebuttal the appellant provided MLS listing sheets related to the board of review's comparables and highlighted their differences from the subject. The appellant also argued that it is unfair to compare owner-occupied homes with rental properties such as the subject.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant argued the subject is overvalued. When market value is the basis of the appeal, the value must be proved by a preponderance of the evidence. Winnebago County Board of Review v. Property Tax Appeal Board, 313 Ill. App. 3d 179, 183, 728 N.E.2d 1256 (2nd Dist. 2000). After an analysis of the evidence, the Board finds the appellant has not met this burden.

The record contains six suggested comparable sales for the Board's consideration. The appellant's comparable #1 is much older and smaller than the subject, #2 is of a different design than the subject, and #3 is of a different design and is much smaller than the subject. The board of review's comparables are similar to the subject in age, size and design. The board of review's three comparables sold for \$58,000 to \$79,000 or \$45.17 to \$51.07 per square foot of living area including land. The subject's estimated market value of \$56,263 or \$33.65 per square foot of living area including land is lower than that range. In rebuttal the appellant pointed out improvements in the board of review's comparables that are superior to the subject, but the subject's estimated market value of \$33.65 per square foot of living area including land is much lower than those of the board of review's comparables including the \$45.17 per square foot of living area including land of the board of review's comparable #1, which is the only comparable located in the same neighborhood code area as the subject. After considering the evidence the Board finds the appellant has not proven by a preponderance of the evidence that the subject is overvalued and no reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
