

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: James Jacobs
DOCKET NO.: 08-02134.001-R-1
PARCEL NO.: 18-07-483-020

The parties of record before the Property Tax Appeal Board are James Jacobs, the appellant, by attorney Clyde B. Hendricks in Peoria, and the Peoria County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Peoria County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$ 760
IMPR: \$ 5,730
TOTAL: \$ 6,490**

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a one and one-half story dwelling of frame construction containing 1,128 square feet of living area. The dwelling was built in 1900. Features include a garage.

The appellant submitted evidence before the Property Tax Appeal Board claiming overvaluation as the basis of the appeal. In support of the claim the appellant submitted information on three comparable properties. They were located in areas with different neighborhood codes than the subject, and the appellant did not indicate their proximity to the subject. The appellant's comparables consist of one-story or two-story frame dwellings. They were built in 1889 or 1900. They contain 1,027 to 1,318 square feet of living area. All have basements, one has central air conditioning and one has a garage. The comparables sold from March to November 2007 for \$9,500 to \$15,000 or \$9.25 to \$12.23 per square foot of living area including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's assessment of \$6,490 was disclosed. The subject's assessment reflects an estimated market value of

\$19,589 or \$17.37 per square foot of living area including land using Peoria County's 2008 three-year median level of assessments of 33.13%.

In support of the subject's assessment the board of review presented descriptions and sale price information on three comparable properties. Two are located in an area with the same neighborhood code as the subject, and the other is more than one mile from the subject. They consist of one and one-half story frame dwellings that were built from 1890 to 1920. The dwellings have 924 to 1,344 square feet of living area. All have basements, one has central air conditioning and one has a garage. The board of review's comparables sold in December 2007 or February 2008 for \$17,000 to \$22,000 or \$13.39 to \$19.57 per square foot of living area including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In rebuttal the appellant indicated the subject is vacant and boarded up and has not been rented for years. The appellant also argued that it is unfair to compare owner-occupied homes with rental properties such as the subject.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant argued the subject is overvalued. When market value is the basis of the appeal, the value must be proved by a preponderance of the evidence. Winnebago County Board of Review v. Property Tax Appeal Board, 313 Ill. App. 3d 179, 183, 728 N.E.2d 1256 (2nd Dist. 2000). After an analysis of the evidence, the Board finds the appellant has not met this burden.

The record contains six suggested comparable sales for the Board's consideration. The appellant's comparables are located in areas that have different neighborhood codes than the subject, and the appellant did not indicate their proximity to the subject. The board of review's comparable #2 also is located in an area with a different neighborhood code than the subject, and the board of review's grid sheet indicates it is located more than one mile from the subject. The board of review's comparables #1 and #3 are located in an area with the same neighborhood code as the subject and are similar in size and design to the subject. These two comparables sold for \$17,000 and \$22,000 or \$18.40 and \$19.57 per square foot of living area including land. The subject's estimated market value of \$19,589 or \$17.37 per square foot of living area including land is lower on a per-square-foot basis than both of the most similar comparables. After considering the evidence the Board finds the appellant has not proven by a preponderance of the evidence that the subject is overvalued and no reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
