

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Bev Hayes  
DOCKET NO.: 08-02135.001-R-1  
PARCEL NO.: 13-13-308-007

The parties of record before the Property Tax Appeal Board are Bev Hayes, the appellant, by attorney Clyde B. Hendricks in Peoria, and the Peoria County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Peoria County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$2,940  
**IMPR.:** \$19,060  
**TOTAL:** \$22,000

Subject only to the State multiplier as applicable.

**ANALYSIS**

The subject property is improved with a one-story dwelling of frame construction containing 925 square feet of living area. The dwelling was built in 1971. It has central air conditioning and a garage.

The appellant submitted evidence before the Property Tax Appeal Board claiming overvaluation as the basis of the appeal. In support of the claim the appellant submitted information on three comparable properties. The appellant's comparables consist of one-story frame dwellings. They were built in 1969 or 1971. They contain 903 or 925 square feet of living area. One has central air conditioning and a garage, and another has a garage. The comparables sold from May 2007 to July 2008 for \$59,900 or \$66,000 or \$64.75 to \$71.35 per square foot of living area including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's assessment of \$22,710 was disclosed. The subject's assessment reflects an estimated market value of \$68,548 or \$74.11 per square foot of living area including land using Peoria County's 2008 three-year median level of assessments of 33.13%.

In support of the subject's assessment the board of review presented descriptions and sale price information on three comparable properties. They consist of one-story frame dwellings that were built in 1969 or 1970. The dwellings have 825 or 903 square feet of living area. All have basements, two have central air conditioning, and one has a garage. The board of review's comparables sold from September 2007 to May 2008 for \$63,000 to \$77,900 or \$69.77 to \$94.42 per square foot of living area including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In rebuttal the appellant highlighted differences between the subject and the board of review's comparables. The appellant provided an MLS listing sheet for the sale of the board of review's comparable #2 that indicated the buyer would receive a \$4,000 bonus. The appellant also argued that it is unfair to compare owner-occupied homes with rental properties such as the subject.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is warranted.

The appellant argued the subject is overvalued. When market value is the basis of the appeal, the value must be proved by a preponderance of the evidence. Winnebago County Board of Review v. Property Tax Appeal Board, 313 Ill. App. 3d 179, 183, 728 N.E.2d 1256 (2<sup>nd</sup> Dist. 2000). After an analysis of the evidence, the Board finds this burden has been met.

The record contains six suggested comparable sales for the Board's consideration. The sale price of board of review's comparable #2 is suspect because it appears the buyer may have received a bonus for buying the property. The other five comparables are similar in most property characteristics to the subject. They sold for \$59,900 to \$66,000 or \$64.75 to \$72.98 per square foot of living area including land. The subject's estimated market value of \$68,548 or \$74.11 per square foot of living area including land is higher than that range. After considering the evidence the Board finds a preponderance of the evidence indicates the subject is overvalued and a reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
