

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Darryl John
DOCKET NO.: 08-02140.001-R-1
PARCEL NO.: 14-27-308-013

The parties of record before the Property Tax Appeal Board are Darryl John, the appellant, by attorney Clyde B. Hendricks in Peoria, and the Peoria County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Peoria County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 3,890
IMPR.: \$ 17,380
TOTAL: \$ 21,270

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a one-story dwelling of frame construction containing 832 square feet of living area. The dwelling was built in 1966.

The appellant submitted evidence before the Property Tax Appeal Board claiming overvaluation as the basis of the appeal. In support of the claim the appellant submitted information on three comparable properties. They are located in areas with different neighborhood codes than the subject, and the appellant did not indicate their proximity to the subject. The appellant's comparables consist of one-story frame dwellings. They were built from 1925 to 1950. They contain 576 to 921 square feet of living area. Two have basements and garages, and one of those also has central air conditioning and a fireplace. The comparables sold from October 2007 to April 2008 for \$18,000 to \$24,500 or \$23.23 to \$31.25 per square foot of living area including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's assessment of \$21,270 was disclosed. The subject's assessment reflects an estimated market value of \$64,202 or \$77.17 per square foot of living area

including land using Peoria County's 2008 three-year median level of assessments of 33.13%.

In support of the subject's assessment the board of review presented descriptions and sale price information on three comparable properties. They are located in an area with the same neighborhood code as the subject. They consist of one-story frame dwellings that were built from 1948 to 1952. The dwellings have 780 to 950 square feet of living area. All have garages, two have central air conditioning, and two have basements. The board of review's comparables sold from March to July 2007 for \$71,500 to \$85,000 or \$78.95 to \$96.15 per square foot of living area including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In rebuttal the appellant provided MLS listing sheets related to the board of review's comparables and highlighted their differences from the subject. The appellant also argued that it is unfair to compare owner-occupied homes with rental properties such as the subject.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant argued the subject is overvalued. When market value is the basis of the appeal, the value must be proved by a preponderance of the evidence. Winnebago County Board of Review v. Property Tax Appeal Board, 313 Ill. App. 3d 179, 183, 728 N.E.2d 1256 (2nd Dist. 2000). After an analysis of the evidence, the Board finds the appellant has not met this burden.

The record contains six suggested comparable sales for the Board's consideration. The appellant's comparables are located in areas with different neighborhood codes than the subject and their proximity to the subject was not disclosed. The board of review's comparables are located in an area with the same neighborhood code as the subject and are similar to it in size and design. The board of review's comparables sold for \$71,500 to \$85,000 or \$78.95 to \$96.15 per square foot of living area including land. The subject's estimated market value of \$64,202 or \$77.17 per square foot of living area including land is lower than that range, which it should be because all of the comparables have amenities not enjoyed by the subject. After considering the evidence the Board finds the appellant has not proven by a preponderance of the evidence that the subject is overvalued and no reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
