

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Warren Danz
DOCKET NO.: 08-02146.001-R-1
PARCEL NO.: 14-21-179-026

The parties of record before the Property Tax Appeal Board are Warren Danz, the appellant, by attorney Clyde B. Hendricks in Peoria, and the Peoria County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Peoria County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$ 6,200
IMPR.: \$ 36,160
TOTAL: \$ 42,360**

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a one-story dwelling of brick construction containing 1,460 square feet of living area. The dwelling was built in 1975. Features include central air conditioning and a garage.

The appellant submitted evidence before the Property Tax Appeal Board claiming overvaluation as the basis of the appeal. In support of the claim the appellant submitted information on three comparable properties. The appellant did not indicate their proximity to the subject, but the address of the appellant's comparable #3 indicates it may be 17 blocks away on the same street as the subject. The appellant's comparables consist of one-story frame or brick dwellings. They were built from 1950 to 1958. They contain 1,236 to 1,587 square feet of living area. All have central air conditioning and garages, two have fireplaces, and one has a basement. The comparables sold from March 2007 to August 2008 for \$75,000 to \$82,000 or \$51.66 to \$63.10 per square foot of living area including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's assessment of \$42,360 was

disclosed. The subject's assessment reflects an estimated market value of \$127,860 or \$87.58 per square foot of living area including land using Peoria County's 2008 three-year median level of assessments of 33.13%.

In support of the subject's assessment the board of review presented descriptions and sale price information on three comparable properties. One is located in an area with the same neighborhood code as the subject. They consist of one-story frame or brick dwellings that were built from 1950 to 1971. The dwellings have 1,326 to 1,396 square feet of living area. All have basements, garages and central air conditioning, and two have fireplaces. The board of review's comparables sold in July 2007 or May 2008 for \$137,000 to \$144,400 or \$102.08 to \$108.00 per square foot of living area including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In rebuttal the appellant provided MLS listing sheets related to the board of review's comparables and highlighted their differences from the subject. The MLS sheets for the board of review's comparables #1 and #2 indicate they spent zero days on the market. The appellant also argued that it is unfair to compare owner-occupied homes with rental properties such as the subject.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant argued the subject is overvalued. When market value is the basis of the appeal, the value must be proved by a preponderance of the evidence. Winnebago County Board of Review v. Property Tax Appeal Board, 313 Ill. App. 3d 179, 183, 728 N.E.2d 1256 (2nd Dist. 2000). After an analysis of the evidence, the Board finds the appellant has not met this burden.

The record contains six suggested comparable sales for the Board's consideration. These comparables sold for \$75,000 to \$144,400 or \$51.66 to \$108.00 per square foot of living area including land. The subject's estimated market value of \$127.860 or \$87.58 per square foot of living area including land is well within that range. The board of review's comparables #1 and #2 spent zero days on the market, which brings into question whether these were arm's-length transactions and whether the sales prices reflect market values. The other four comparables are of unknown proximity to the subject except the address of the appellant's comparable #3 indicates it may be located 17 blocks from the subject. After considering the evidence the Board finds the appellant has not proven by a preponderance of the evidence that the subject is overvalued and no reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
