

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Multi-State Investment LLC  
DOCKET NO.: 08-02169.001-R-1  
PARCEL NO.: 18-04-231-021

The parties of record before the Property Tax Appeal Board are Multi-State Investment LLC, the appellant, by attorney Clyde B. Hendricks in Peoria, and the Peoria County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Peoria County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:     \$ 2,440**  
**IMPR.:    \$ 15,050**  
**TOTAL:    \$ 17,490**

Subject only to the State multiplier as applicable.

**ANALYSIS**

The subject property is improved with a two-story dwelling of frame construction containing 1,606 square feet of living area. The dwelling was built in 1910. Features include a basement, central air conditioning and an oversized garage.

The appellant submitted evidence before the Property Tax Appeal Board claiming overvaluation as the basis of the appeal. In support of the claim the appellant submitted information on three comparable properties. The appellant's comparables consist of one-story or two-story frame dwellings. They were built from 1900 to 1920. They contain 1,176 or 1,764 square feet of living area. All have basements, and two have fireplaces and garages. The comparables sold from June 2007 to June 2008 for \$17,500 to \$27,500 or \$14.88 to \$22.53 per square foot of living area including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's assessment of \$17,490 was disclosed. The subject's assessment reflects an estimated market value of \$52,792 or \$32.87 per square foot of living area including land using Peoria County's 2008 three-year median level of assessments of 33.13%.

In support of the subject's assessment the board of review presented descriptions and sale price information on five comparable properties. They consist of one and one-half story or two-story frame dwellings that were built from 1900 to 1920. The dwellings have 1,504 to 1,728 square feet of living area. All have basements, two have central air conditioning, and one has a garage. The board of review's comparables sold from November 2006 to December 2007 for \$31,300 to \$65,500 or \$19.96 to \$39.48 per square foot of living area including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant argued the subject is overvalued. When market value is the basis of the appeal, the value must be proved by a preponderance of the evidence. Winnebago County Board of Review v. Property Tax Appeal Board, 313 Ill. App. 3d 179, 183, 728 N.E.2d 1256 (2<sup>nd</sup> Dist. 2000). After an analysis of the evidence, the Board finds the appellant has not met this burden.

The record contains eight suggested comparable sales for the Board's consideration. The appellant's comparables #2 and #3 are of a different design than the subject and are significantly smaller than the subject. The board of review's comparable #3 also is of a different design than the subject. The remaining five comparables sold for \$27,500 to \$65,500 or \$15.59 to \$39.48 per square foot of living area including land. The subject's estimated market value of \$52,792 or \$32.87 per square foot of living area including land is well within that range and is significantly lower than the \$37.90 per-square-foot selling price of the board of review's comparable #5, which is the only comparable that enjoys a basement, central air conditioning and a garage similar to the subject. After considering the evidence the Board finds the appellant has not proven by a preponderance of the evidence that the subject is overvalued and no reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
