

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: K. C. Jones
DOCKET NO.: 08-02177.001-R-1
PARCEL NO.: 18-05-227-011

The parties of record before the Property Tax Appeal Board are K. C. Jones, the appellant(s), by attorney Clyde B. Hendricks in Peoria, and the Peoria County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Peoria County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 1,910
IMPR.: \$ 9,150
TOTAL: \$ 11,060

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a one-story dwelling of frame construction containing 948 square feet of living area including a finished area in the attic. The dwelling was built in 1930. It has a basement and a garage.

The appellant submitted evidence before the Property Tax Appeal Board claiming overvaluation as the basis of the appeal. In support of the claim the appellant submitted information on three comparable properties. The appellant's comparables consist of one-story frame dwellings. They were built from 1920 to 1947. They contain 624 to 796 square feet of living area. Two have basements and two have garages. The comparables sold from August 2007 to May 2008 for \$12,000 to \$18,000 or \$19.23 to \$26.63 per square foot of living area including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's assessment of \$11,060 was disclosed. The subject's assessment reflects an estimated market value of \$33,384 or \$35.21 per square foot of living area including land using Peoria County's 2008 three-year median level of assessments of 33.13%.

In support of the subject's assessment the board of review presented descriptions and sale price information on six comparable properties. The board of review's comparables consist of one-story frame dwellings that were built from 1918 to 1930. The dwellings have 748 to 1,320 square feet of living area. All have basements, three have garages, and two have central air conditioning. The board of review's comparables sold from June 2007 to August 2008 for \$23,500 to \$45,500 or \$26.58 to \$43.23 per square foot of living area including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In rebuttal the appellant submitted MLS listing sheets related to some of the board of review's comparables and highlighted differences between the board of review's comparables and the subject. The appellant also argued that it is unfair to compare owner-occupied homes with rental properties such as the subject.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant argued the subject is overvalued. When market value is the basis of the appeal, the value must be proved by a preponderance of the evidence. Winnebago County Board of Review v. Property Tax Appeal Board, 313 Ill. App. 3d 179, 183, 728 N.E.2d 1256 (2nd Dist. 2000). After an analysis of the evidence, the Board finds this burden has not been met.

The record contains nine suggested comparable sales for the Board's consideration. The appellant's comparables #1 and #3 are much smaller than the subject, and the board of review's comparable #3 is much larger than the subject. The remaining six comparables are similar to the subject in size and design. They also are similar in amenities, but three lack garages enjoyed by the subject and two have central air conditioning it does not have. They sold for \$17,000 to \$45,000 or \$21.36 to \$43.23 per square foot of living area including land. The subject's estimated market value of \$33,384 or \$35.21 per square foot of living area including land is well within that range and is lower than four of the six comparables on a per-square-foot basis. After considering the evidence the Board finds a preponderance of the evidence does not indicate the subject is overvalued and a reduction is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
