

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jack Hinton
DOCKET NO.: 08-02184.001-R-1
PARCEL NO.: 18-18-355-017

The parties of record before the Property Tax Appeal Board are Jack Hinton, the appellant, by attorney Clyde B. Hendricks in Peoria, and the Peoria County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Peoria County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$730
IMPR: \$7,570
TOTAL: \$8,300

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property consists of a one-story frame rental dwelling containing 864 square feet of living area that was built in 1961. Features include a full unfinished basement.

The appellant submitted evidence before the Property Tax Appeal Board claiming overvaluation as the basis of the appeal. In support of this claim, the appellant submitted three comparable sales, one of which was in the same neighborhood code assigned by the assessor as the subject property. The comparables consist of one or one and one-half-story frame dwellings that were built from 1900 to 1957 and range in size from 816 to 918 square feet of living area. Features had varying degrees of similarity when compared to the subject, although two comparables had detached garages not enjoyed by the subject. The comparables sold from September 2007 to June 2008 for prices ranging from \$12,500 to \$17,000 or from \$14.74 to \$20.83 per square foot of living area including land. Based on this evidence, the appellant requested a reduction in the subject's assessment to \$5,000 or a market value of approximately \$15,000.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's assessment of \$8,300 was disclosed. The subject's assessment reflects an estimated market value of \$25,053 or \$29.00 per square foot of living area including land using Peoria County's 2008 three-year median level of assessments of 33.13%.

In support of the subject's assessment, the board of review submitted an analysis of five comparable sales; the properties were from .063 to .746-miles from the subject. The comparables consist of one-story frame dwellings that were built from 1938 to 1969 and range in size from 720 to 1,008 square feet of living area. Features had varying degrees of similarity when compared to the subject, although two comparables had no basements and one comparable had a garage. The comparables sold between November 2006 and February 2008 for prices ranging from \$20,000 to \$31,500 or from \$23.31 to \$36.46 per square foot of living area including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In rebuttal, the appellant submitted Multiple Listing Sheets for the comparable sales submitted by the board of review and questioned the arm's-length nature of comparables #1 and #2. Appellant also questioned the reason for an increase in sale price of comparable #3 only 18 months after its purchase for \$18,500. The appellant also argued the comparables have updates and/or features not enjoyed by the subject. Lastly, the appellant argued it is unfair to compare owner occupied dwellings to a rental dwelling.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds no reduction in the subject's assessment is warranted.

The appellant argued the subject property is overvalued. When market value is the basis of the appeal, the value must be proved by a preponderance of the evidence. Winnebago County Board of Review v. Property Tax Appeal Board, 313 Ill. App. 3d 179, 183, 728 N.E.2d 1256 (2nd Dist. 2000). After an analysis of the evidence, the Board finds the appellant has not overcome this burden.

The record contains eight suggested comparable sales for the Board's consideration. The Property Tax Appeal Board finds appellant's comparables #1 and #2 and the comparables submitted by the board of review were more similar to the subject in location, design, age, size, and/or features. They sold for prices ranging from \$12,500 to \$31,500 or \$14.74 to \$36.46 per square foot of living area including land. The subject's assessment reflects an estimated market value of \$25,053 or \$29.00 per square foot of living area including land which appears justified given the sale price of board of review's comparable #5 which was very similar to the subject property.

After considering adjustments to the comparables for any differences when compared to the subject, the Property Tax Appeal Board finds the subject's estimated market value as reflected by its assessment is supported and no reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
