

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jack Hinton
DOCKET NO.: 08-02196.001-R-1
PARCEL NO.: 14-35-356-004

The parties of record before the Property Tax Appeal Board are Jack Hinton, the appellant, by attorney Clyde B. Hendricks in Peoria, and the Peoria County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Peoria County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 1,480
IMPR.: \$ 8,550
TOTAL: \$ 10,030

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a one-story dwelling of frame construction containing 1,087 square feet of living area including a finished attic area. The dwelling was built in 1920. Features include a basement.

The appellant submitted evidence before the Property Tax Appeal Board claiming overvaluation as the basis of the appeal. In support of the claim the appellant submitted information on three comparable properties. The appellant's comparables consist of one-story dwellings with finished attic areas or one and one-half story dwellings. They are of frame construction. They were built from 1919 to 1930. They contain 946 to 2,281 square feet of living area. All have basements, and one has central air conditioning. The comparables sold from January to September 2007 for \$17,000 to \$23,500 or \$7.45 to \$24.84 per square foot of living area including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's assessment of \$10,030 was disclosed. The subject's assessment reflects an estimated market value of \$30,275 or \$27.85 per square foot of living area

including land using Peoria County's 2008 three-year median level of assessments of 33.13%.

In support of the subject's assessment the board of review presented descriptions and sale price information on five comparable properties. They consist of one-story dwellings with finished attic areas or one and one-half story dwellings. They are of frame construction and were built from 1920 to 1935. The dwellings have 946 to 1,216 square feet of living area. All have basements, three have garages, and two have central air conditioning. The board of review's comparables sold from April 2007 to August 2008 for \$23,500 to \$39,500 or \$22.96 to \$34.17 per square foot of living area including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant argued the subject is overvalued. When market value is the basis of the appeal, the value must be proved by a preponderance of the evidence. Winnebago County Board of Review v. Property Tax Appeal Board, 313 Ill. App. 3d 179, 183, 728 N.E.2d 1256 (2nd Dist. 2000). After an analysis of the evidence, the Board finds the appellant has not met this burden.

The record contains a total of only seven suggested comparable sales for the Board's consideration because the appellant's comparable #3 and the board of review's comparable #2 are the same property. The appellant's comparables #1 and #2 have much larger living areas than the subject. The remaining five comparables are similar to the subject in size, design and location. These comparables sold for \$23,500 to \$39,500 or \$22.96 to \$34.17 per square foot of living area including land. The subject's estimated market value of \$30,275 or \$27.85 per square foot of living area including land is well within that range. After considering the evidence the Board finds the appellant has not proven by a preponderance of the evidence that the subject is overvalued and no reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
