

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ronald Hillman
DOCKET NO.: 08-02204.001-R-1
PARCEL NO.: 14-35-303-021

The parties of record before the Property Tax Appeal Board are Ronald Hillman, the appellant, by attorney Clyde B. Hendricks in Peoria, and the Peoria County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Peoria County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$1,510
IMPR.: \$11,450
TOTAL: \$12,960

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property consists of a two-story frame dwelling containing 1,524 square feet of living area that was built in 1920. Features include a detached one-car garage of 434 square feet of building area.

The appellant submitted evidence before the Property Tax Appeal Board claiming overvaluation as the basis of the appeal. In support of this claim, the appellant submitted three comparable sales, two of which are in the same neighborhood code assigned by the assessor as the subject. The comparables consist of one or one and one-half-story frame dwellings that were built from 1919 to 1930 and range in size from 946 to 2,281 square feet of living area. Features had varying degrees of similarity when compared to the subject. The comparables sold from January to September 2007 for prices ranging from \$17,000 to \$23,500 or from \$7.45 to \$24.84 per square foot of living area including land. Based on this evidence, the appellant requested a reduction in the subject's assessment to \$8,900 or a market value of approximately \$26,700.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's assessment of \$12,960 was disclosed. The subject's assessment reflects an estimated market value of \$39,119 or \$25.67 per square foot of living area including land using Peoria County's 2008 three-year median level of assessments of 33.13%.

In support of the subject's assessment, the board of review submitted an analysis of five comparable sales; the properties were from .131 to 1.313-miles from the subject. The comparables consist of one-story, two-story or one and one-half-story frame dwellings that were built from 1900 to 1930 and range in size from 1,216 to 1,652 square feet of living area. Features had varying degrees of similarity when compared to the subject. The comparables sold between May 2007 and July 2008 for prices ranging from \$32,000 to \$39,500 or from \$21.19 to \$32.48 per square foot of living area including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In rebuttal, the appellant submitted Multiple Listing Sheets for the comparable sales submitted by the board of review. The appellant argued the comparables have updates and/or features not enjoyed by the subject. Comparables #3 and #5 had prior sales which the appellant reported. The appellant also argued it is unfair to compare owner occupied dwellings to a rental dwelling.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds no reduction in the subject's assessment is warranted.

The appellant argued the subject property is overvalued. When market value is the basis of the appeal, the value must be proved by a preponderance of the evidence. Winnebago County Board of Review v. Property Tax Appeal Board, 313 Ill. App. 3d 179, 183, 728 N.E.2d 1256 (2nd Dist. 2000). After an analysis of the evidence, the Board finds the appellant has not overcome this burden.

The record contains eight suggested comparable sales for the Board's consideration. The Property Tax Appeal Board finds appellant's comparable #2 and comparables #2 and #5 submitted by the board of review were more similar to the subject in location, design, age, size, and/or features. They sold for prices ranging from \$21,000 to \$39,500 or from \$14.71 to \$32.48 per square foot of living area including land. The subject's assessment reflects an estimated market value of \$39,119 or \$25.67 per square foot of living area including land which is within the range of the most similar comparables on a per-square-foot basis. After considering adjustments to the comparables for any differences when compared to the subject, the Property Tax Appeal Board finds the subject's estimated market value as reflected by its assessment is supported and no reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
