

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Trev Hoover  
DOCKET NO.: 08-02210.001-R-1  
PARCEL NO.: 18-18-401-026

The parties of record before the Property Tax Appeal Board are Trev Hoover, the appellant, by attorney Clyde B. Hendricks in Peoria, and the Peoria County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Peoria County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:     \$   960**  
**IMPR:     \$  8,510**  
**TOTAL:    \$  9,470**

Subject only to the State multiplier as applicable.

**ANALYSIS**

The subject property is improved with a one-story dwelling of frame construction containing 1,659 square feet of living area including a finished attic area. The dwelling was built in 1930. Features include a basement and a garage.

The appellant submitted evidence before the Property Tax Appeal Board claiming overvaluation as the basis of the appeal. In support of the claim the appellant submitted information on three comparable properties. Two are located in areas with a different neighborhood code than the subject, and their proximity to the subject was not disclosed. The appellant's comparables consist of two-story frame or masonry and frame dwellings. They were built from 1899 to 1904. They contain 1,314 to 2,380 square feet of living area. All have garages, two have basements, and one has a fireplace. The comparables sold from February 2007 to May 2008 for \$9,000 to \$15,000 or \$5.88 to \$7.32 per square foot of living area including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's assessment of \$9,470 was disclosed. The subject's assessment reflects an estimated market value of \$28,584 or \$17.23 per square foot of living area including land

using Peoria County's 2008 three-year median level of assessments of 33.13%.

In support of the subject's assessment the board of review presented descriptions and sale price information on five comparable properties. They are located 0.086 to 0.969 mile from the subject. They consist of one-story frame dwellings with finished attic areas. They were built from 1910 to 1926. The dwellings have 1,139 to 1,545 square feet of living area. All have basements, and two have garages. The board of review's comparables sold from December 2006 to July 2008 for \$20,000 to \$27,000 or \$14.29 to \$19.49 per square foot of living area including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In rebuttal the appellant highlighted differences between the subject and the board of review's comparables. The appellant also argued that it is unfair to compare owner-occupied homes with rental properties such as the subject.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant argued the subject is overvalued. When market value is the basis of the appeal, the value must be proved by a preponderance of the evidence. Winnebago County Board of Review v. Property Tax Appeal Board, 313 Ill. App. 3d 179, 183, 728 N.E.2d 1256 (2<sup>nd</sup> Dist. 2000). After an analysis of the evidence, the Board finds the appellant has not met this burden.

The record contains eight suggested comparable sales for the Board's consideration. The appellant's comparables differ from the subject in design, size and/or location. The board of review's comparable #1 is much smaller than the subject. The board of review's comparables #4 and #5 are located nearly a mile from the subject. The board of review's remaining two comparables are similar to the subject in size, design, location and most other property characteristics. They sold for \$20,000 and \$24,500 or \$14.29 and \$19.49 per square foot of living area including land. The subject's estimated market value of \$28,584 or \$17.23 per square foot of living area including land is in between those two on a per-square-foot basis. After considering the evidence the Board finds the appellant has not proven by a preponderance of the evidence that the subject is overvalued and no reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
