

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Trevelyn D. Hoover
DOCKET NO.: 08-02213.001-R-1
PARCEL NO.: 18-03-106-002

The parties of record before the Property Tax Appeal Board are Trevelyn D. Hoover, the appellant, by attorney Clyde B. Hendricks in Peoria, and the Peoria County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Peoria County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$ 2,890
IMPR.: \$ 8,840
TOTAL: \$ 11,730**

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a one-story dwelling of frame construction containing 775 square feet of living area. The dwelling was built in 1955. Features include central air conditioning, a fireplace and a garage.

The appellant submitted evidence before the Property Tax Appeal Board claiming overvaluation as the basis of the appeal. In support of the claim the appellant submitted information on three comparable properties. They are located in areas with different neighborhood codes than the subject, and the appellant did not indicate their proximity to the subject. The appellant's comparables consist of one-story frame dwellings. They were built from 1922 to 1929. They contain 866 to 1,000 square feet of living area. All have basements, one has a garage, and one has central air conditioning and a fireplace. The comparables sold from October 2007 to January 2008 for \$15,000 to \$27,000 or \$15.00 to \$30.60 per square foot of living area including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's assessment of \$11,730 was disclosed. The subject's assessment reflects an estimated market

value of \$35,406 or \$45.69 per square foot of living area including land using Peoria County's 2008 three-year median level of assessments of 33.13%.

In support of the subject's assessment the board of review presented descriptions and sale price information on four comparable properties. They are located 0.27 to 0.437 mile from the subject. They consist of one-story frame dwellings that were built from 1891 to 1930. The dwellings have 768 to 920 square feet of living area. Three have basements, two have garages, and one has central air conditioning. The board of review's comparables sold from March 2007 to August 2008 for \$32,900 to \$50,000 or \$37.56 to \$54.35 per square foot of living area including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In rebuttal the appellant highlighted differences between the subject and the board of review's comparables. The appellant also argued that it is unfair to compare owner-occupied homes with rental properties such as the subject.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant argued the subject is overvalued. When market value is the basis of the appeal, the value must be proved by a preponderance of the evidence. Winnebago County Board of Review v. Property Tax Appeal Board, 313 Ill. App. 3d 179, 183, 728 N.E.2d 1256 (2nd Dist. 2000). After an analysis of the evidence, the Board finds the appellant has not met this burden.

The record contains seven suggested comparable sales for the Board's consideration. The proximity of the appellant's comparables to the subject is unknown. The board of review's comparable #4 is more than 60 years older than the subject. The remaining three comparables sold for \$32,900 to \$35,000 or \$37.56 to \$45.57 per square foot of living area including land. The subject's estimated market value of \$35,406 or \$45.69 per square foot of living area including land is slightly above that range. However, the subject has central air conditioning, a fireplace and a garage. One of the three comparables has central air conditioning, but it lacks both a fireplace and a garage. Two have basements not enjoyed by the subject, but they each lack central air conditioning and a fireplace the subject has. After considering the evidence the Board finds the appellant has not proven by a preponderance of the evidence that the subject is overvalued and no reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
