

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: KC & Linda Jones
DOCKET NO.: 08-02216.001-R-1
PARCEL NO.: 18-07-481-008

The parties of record before the Property Tax Appeal Board are KC & Linda Jones, the appellants; and the Peoria County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Peoria County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$760
IMPR: \$9,200
TOTAL: \$9,960**

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property consists of a one-story brick dwelling containing 988 square feet of living area that was built in 1931 with a full, unfinished basement. Features include a detached garage.

Appellant, KC Jones, appeared before the Property Tax Appeal Board claiming overvaluation as the basis of the appeal. In support of this claim, the appellants submitted three comparable sales, Multiple Listing sheets and property record cards. None of the comparables were located in the same neighborhood code as the subject, as defined by the local assessor. The comparables consist of one-story or two-story frame, asbestos or composition exterior dwellings that were built in either 1889 or 1900 and contain from 1,027 to 1,318 square feet of living area. The comparables have full or partial unfinished basements, one has central air-conditioning and one has a garage. The comparables sold from March 2007 to November 2007 for prices ranging from \$9,500 to \$15,000 or from \$9.25 to \$12.23 per square of living

area, including land. Based on this evidence, the appellants requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's assessment of \$9,960 was disclosed. The subject's assessment reflects an estimated market value of approximately \$30,063 or \$30.43 per square foot of living area including land using Peoria County's 2008 three-year median level of assessments of 33.13%.

In support of the subject's assessment, the board of review submitted property record cards, a map and a market grid analysis of four comparable sales. Each comparable is located in the subject's assessment neighborhood code, as defined by the local assessor. They are located within 8 blocks of the subject. The comparables consist of one-story frame dwellings that were built from 1924 to 1937 and contain from 720 to 1,119 square feet of living area. Three comparables have a full, unfinished basement, one has central air-conditioning and three have a detached garage. The comparables sold from November 2006 to June 2008 for prices ranging from \$23,175 to \$27,500 or from \$24.58 to \$37.50 per square of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In rebuttal, the appellant submitted Multiple Listing Sheets for three of the comparable sales submitted by the board of review. The appellant argued that the board of review's comparables were superior to the subject and that it is unfair to compare owner occupied dwellings to a rental dwelling, but failed to identify which comparables are owner occupied or rental dwellings.

After hearing the testimony and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds no reduction in the subject's assessment is warranted.

The appellants argued the subject property is overvalued. When market value is the basis of the appeal, the value must be proved by a preponderance of the evidence. Winnebago County Board of Review v. Property Tax Appeal Board, 313 Ill. App. 3d 179, 183, 728 N.E.2d 1256 (2nd Dist. 2000). After an analysis of the evidence, the Board finds the appellants have not met this burden.

The record contains seven suggested comparable sales for the Board's consideration. The Board gave less weight in its analysis to the comparables submitted by the appellants. These comparables were dissimilar to the subject in location, design, exterior construction, age and/or size when compared to the subject. The Property Tax Appeal Board finds the comparables submitted by the board of review are more similar to the subject in age, size, design, location and most features. They sold for prices ranging from \$23,175 to \$27,500 or from \$24.58 to \$37.50 per square of living area, including land. The subject's

assessment reflects an estimated market value of approximately \$30,063 or \$30.43 per square foot of living area including land, which is within the range of the most similar comparable sales contained in this record. After considering adjustments to the comparables for any differences when compared to the subject, the Property Tax Appeal Board finds the subject's estimated market value as reflected by its assessment is supported and no reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
