

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Trevelyn Hoover
DOCKET NO.: 08-02228.001-R-1
PARCEL NO.: 14-34-306-007

The parties of record before the Property Tax Appeal Board are Trevelyn Hoover, the appellant, by attorney Clyde B. Hendricks in Peoria, and the Peoria County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Peoria County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$2,730
IMPR.: \$7,900
TOTAL: \$10,630**

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a one-story dwelling of frame construction containing 960 square feet of living area. The dwelling was built in 1890. Features include a basement and a garage.

The appellant submitted evidence before the Property Tax Appeal Board claiming overvaluation as the basis of the appeal. In support of the claim the appellant submitted information on three comparable properties. Two are located in an area with a different neighborhood code than the subject, and the appellant did not indicate their proximity to the subject. The appellant's comparables consist of one-story frame dwellings. They were built from 1922 to 1929. They contain 866 to 1,000 square feet of living area. All have basements, one has a garage, and one has central air conditioning and a fireplace. The comparables sold from October 2007 to January 2008 for \$15,000 to \$27,000 or \$15.00 to \$30.60 per square foot of living area including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's assessment of \$10,630 was disclosed. The subject's assessment reflects an estimated market

value of \$32,086 or \$33.42 per square foot of living area including land using Peoria County's 2008 three-year median level of assessments of 33.13%.

In support of the subject's assessment the board of review presented descriptions and sale price information on five comparable properties. They are located in an area with the same neighborhood code as the subject. They consist of one-story frame dwellings that were built from 1904 to 1930. The dwellings have 776 to 1,072 square feet of living area. All have basements, three have central air conditioning, two have fireplaces, and two have garages. The board of review's comparables sold from January 2007 to March 2008 for \$19,000 to \$41,500 or \$24.48 to \$42.61 per square foot of living area including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In rebuttal the appellant highlighted differences between the subject and the board of review's comparables. The appellant also argued that it is unfair to compare owner-occupied homes with rental properties such as the subject.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant argued the subject is overvalued. When market value is the basis of the appeal, the value must be proved by a preponderance of the evidence. Winnebago County Board of Review v. Property Tax Appeal Board, 313 Ill. App. 3d 179, 183, 728 N.E.2d 1256 (2nd Dist. 2000). After an analysis of the evidence, the Board finds the appellant has not met this burden.

The record contains eight suggested comparable sales for the Board's consideration. The proximity of the appellant's comparables #1 and #3 to the subject is unknown. The remaining six comparables are generally similar to the subject in location, size and design. They sold for \$19,000 to \$41,500 or \$24.48 to \$42.61 per square foot of living area including land. The subject's estimated market value of \$32,086 or \$33.42 per square foot of living area including land is well within that range. Only two of the comparables are similar to the subject in that they lack central air conditioning, and they sold for \$27.65 and \$38.71 per square foot of living area including land. Again, the subject's estimated market value is comfortably between those even though they each lack a garage enjoyed by the subject. After considering the evidence the Board finds the appellant has not proven by a preponderance of the evidence that the subject is overvalued and no reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
