

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Magna Trust Co.
DOCKET NO.: 08-02903.001-R-1
PARCEL NO.: 18-08-151-008

The parties of record before the Property Tax Appeal Board are Magna Trust Co., the appellant, by attorney Clyde B. Hendricks in Peoria, and the Peoria County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Peoria County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,750
IMPR.: \$25,000
TOTAL: \$28,750

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property consists of a 105 year-old, 1.5-story frame dwelling that contains 1,853 square feet of living area. The home Features a full unfinished basement and is located in Peoria, Peoria Township, Peoria County.

The appellant submitted evidence to the Property Tax Appeal Board claiming overvaluation as the basis of the appeal. In support of this argument, the appellant submitted the subject's property record card, as well as property record cards, Multiple Listing Service data sheets and a grid analysis of three comparable properties located in the same neighborhood code as the subject, as determined by the township assessor. The comparables consist of one-story or 1.5-story frame dwellings that were built between 1880 and 1900 and range in size from 1,124 to 1,674 square feet of living area. One comparable has a full basement with 400 square feet finished as a recreation area and two comparables have no basements. One comparable has central air conditioning, one has a fireplace and two have garages that contain 240 or 360 square feet of building area. These properties sold between August 2007 and July 2008 for prices ranging from \$52,000 to

\$66,500 or from \$36.44 to \$46.26 per square foot of living area including land. Based on this evidence, the appellant requested the subject's assessment be reduced to \$16,800, reflecting a market value of approximately \$50,400.

The board of review submitted its Board of Review Notes on Appeal wherein the subject's total assessment of \$28,750 was disclosed. The subject has an estimated market value of \$86,779 or \$46.83 per square foot of living area including land, as reflected by its assessment and Peoria County's 2008 three-year median level of assessments of 33.13%.

In support of the subject's estimated market value as reflected by its assessment, the board of review submitted property record cards and a grid analysis of three comparable properties located in the same assessor's assigned neighborhood code as the subject. The comparables consist of two-story, "old style" dwellings that were built between 1900 and 1920 and range in size from 1,470 to 2,283 square feet of living area. Features of the comparables include full basements, two of which have finished areas of 350 and 667 square feet, and garages that contain 480 or 576 square feet of building area. One comparable has central air conditioning and a fireplace. These properties sold between April 2007 and February 2008 for prices ranging from \$67,500 to \$105,000 or from \$45.92 to \$54.01 per square foot of living area including land. Based on this evidence, the board of review requested the subject's assessment be confirmed.

In rebuttal, the appellant argued the board of review's comparables have features not enjoyed by the subject.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Property Tax Appeal Board further finds no reduction in the subject property's assessment is warranted.

The appellant contends overvaluation as the basis of the appeal. When market value is the basis of the appeal, the value must be proved by a preponderance of the evidence. National City Bank of Michigan/Illinois v. Illinois Property Tax Appeal Board, 331 Ill.App.3d 1038 (3rd Dist. 2002). After analyzing the market evidence submitted, the Board finds the appellant has failed to meet this burden.

The Board finds the parties submitted six comparables for its consideration. The Board gave less weight to the appellant's comparables #1 and #3 because their foundations and one-story design differed from the subject. The Board finds the remaining comparables were similar to the subject in most respects and sold for prices ranging from \$61,000 to \$105,000 or from \$36.44 to \$54.01 per square foot of living area including land. The subject's estimated market value as reflected by its assessment of \$86,779 or \$46.83 per square foot of living area including land falls within this range. After considering adjustments and

differences in both parties' comparables when compared to the subject, the Board finds the evidence in the record supports the subject's assessment and no reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
