

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Merle & Carol Huff
DOCKET NO.: 08-02964.001-R-1
PARCEL NO.: 14-22-460-004

The parties of record before the Property Tax Appeal Board are Merle & Carol Huff, the appellants, by attorney Clyde B. Hendricks in Peoria, and the Peoria County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Peoria County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,370
IMPR.: \$18,600
TOTAL: \$22,970

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property consists of a 68 year-old, one-story, ranch style frame dwelling that contains 1,024 square feet of living area. Features of the home include a full unfinished basement and a 224 square foot attached garage. The subject is located in Peoria, Richwoods Township, Peoria County.

The appellants submitted evidence to the Property Tax Appeal Board claiming overvaluation as the basis of the appeal. In support of this argument, the appellants submitted the subject's property record card, as well as multiple listing sheets and a grid analysis of three comparable properties. The comparables consist of one-story, ranch style frame dwellings that were built between 1930 and 1960 and range in size from 660 to 864 square feet of living area. One comparable has a full basement with 264 square feet of finished area, one has a partial unfinished basement and one has no basement. One comparable has central air conditioning and one has a 576 square foot detached garage. These properties sold between January 2007 and June 2008 for prices ranging of \$37,500 or \$39,000 or from \$45.13 to \$56.81 per square foot of living area including land. Based on this

evidence, the appellants requested the subject's assessment be reduced to \$14,000, reflecting a market value of approximately \$42,000.

The board of review submitted its Board of Review Notes on Appeal wherein the subject's total assessment of \$22,970 was disclosed. The subject has an estimated market value of \$69,333 or \$67.71 per square foot of living area including land, as reflected by its assessment and Peoria County's 2008 three-year median level of assessments of 33.13%.

In support of the subject's estimated market value as reflected by its assessment, the board of review submitted property record cards and a grid analysis of three comparable properties located in the same assessor's assigned neighborhood code as the subject. The comparables consist of one-story, bungalow or cottage style dwellings of frame or concrete block exterior construction that were built between 1915 and 1927 and range in size from 828 to 1,188 square feet of living area. All the comparables have full or partial unfinished basements, two have garages that contain 308 or 576 square feet of building area and one has central air conditioning. These properties sold between April 2007 and March 2008 for prices ranging from \$60,500 to \$74,000 or from \$62.29 to \$73.07 per square foot of living area including land. Based on this evidence, the board of review requested the subject's assessment be confirmed.

In rebuttal, the appellants argued the board of review's comparables have features and upgrades not enjoyed by the subject.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Property Tax Appeal Board further finds no reduction in the subject property's assessment is warranted.

The appellants contend overvaluation as the basis of the appeal. When market value is the basis of the appeal, the value must be proved by a preponderance of the evidence. National City Bank of Michigan/Illinois v. Illinois Property Tax Appeal Board, 331 Ill.App.3d 1038 (3rd Dist. 2002). After analyzing the market evidence submitted, the Board finds the appellants have failed to meet this burden.

The Board finds the parties submitted six comparables for its consideration. The Board gave less weight to the appellants' comparables because they differed significantly in living area or foundation when compared to the subject. The Board finds the board of review's comparables were similar to the subject in age, foundation, size, location and most features and sold for prices ranging from \$60,500 to \$74,000 or from \$62.29 to \$73.07 per square foot of living area including land. The subject's estimated market value as reflected by its assessment of \$69,333 or \$67.71 per square foot of living area including land falls

within this range. After considering adjustments and differences in both parties' comparables when compared to the subject, the Board finds the evidence in the record supports the subject's assessment and no reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
