

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Magna Trust Co.  
DOCKET NO.: 08-02967.001-R-1  
PARCEL NO.: 18-08-132-006

The parties of record before the Property Tax Appeal Board are Magna Trust Co., the appellant, and the Peoria County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Peoria County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$3,640  
**IMPR.:** \$34,090  
**TOTAL:** \$37,730

Subject only to the State multiplier as applicable.

**ANALYSIS**

The subject property consists of a two-story frame dwelling containing 2,775 square feet of living area that was built in 1930. Features include a full unfinished basement and central air conditioning.

The appellant presented no objection to a decision in this matter being rendered on the evidence submitted in the record. Therefore, the decision of the Property Tax Appeal Board contained herein shall be based upon the evidence contained in and made a part of this record.

The appellant submitted evidence before the Property Tax Appeal Board claiming overvaluation as the basis of the appeal. In support of this claim, the appellant submitted three comparable sales. Their proximity in relation to the subject was not disclosed other than each comparable was in the same neighborhood code as the subject. The comparables consist of a one and one-half and two, one-story frame dwellings that were built from 1880 to 1900 and range in size from 1,124 to 1,674 square feet of living area. Features had varying degrees of similarity when compared to the subject. The comparables sold from August 2007

to July 2008 for prices ranging from \$52,000 to \$66,500 or from \$36.44 to \$46.26 per square of living area including land. Based on this evidence, the appellant requested a reduction in the subject's assessment to \$28,800 or a market value of approximately \$86,400.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's assessment of \$37,730 was disclosed. The subject's assessment reflects an estimated market value of \$113,885 or \$41.04 per square foot of living area including land using Peoria County's 2008 three-year median level of assessments of 33.13%.

In support of the subject's assessment, the board of review submitted an analysis of three comparable sales and a map detailing their proximate location in relation to the subject; each comparable, except board of review comparable #3, is in relatively close proximity to the subject. The comparables consist of two-story dwellings that were built from 1897 to 1927 and range in size from 1,911 to 3,498 square feet of living area. Features had varying degrees of similarity when compared to the subject. The comparables sold between April 2007 and April 2008 for prices ranging from \$95,000 to \$140,000 or from \$40.02 to \$55.83 per square foot of living area including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In rebuttal, the appellant submitted Multiple Listing Sheets for two of the comparable sales submitted by the board of review. The appellant argued the comparables differ in features, updates and have garages not enjoyed by the subject. Appellant also noted that comparable #3 was distant from the subject in location. The appellant also argued it is unfair to compare owner occupied dwellings to a rental dwelling like the subject.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds no reduction in the subject's assessment is warranted.

The appellant argued the subject property is overvalued. When market value is the basis of the appeal, the value must be proved by a preponderance of the evidence. Winnebago County Board of Review v. Property Tax Appeal Board, 313 Ill. App. 3d 179, 183, 728 N.E.2d 1256 (2<sup>nd</sup> Dist. 2000). After an analysis of the evidence, the Board finds the appellant has not overcome this burden.

The record contains six suggested comparable sales for the Board's consideration. The Property Tax Appeal Board finds board of review comparables #1 and #2 were more similar to the subject in location, design, age, size, and/or features. They sold for prices of \$40.02 and \$55.83 per square foot of living area including land. The subject's assessment reflects an estimated market value of \$113,885 or \$41.04 per square foot of living area

including land which is within the range of the most similar comparables on a per-square-foot basis. Moreover, the appellant's comparables each differed from the subject in design, size and/or features. After considering adjustments to the comparables for any differences when compared to the subject, the Property Tax Appeal Board finds the subject's estimated market value as reflected by its assessment is supported and no reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
