

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ahmad Siddiqi  
DOCKET NO.: 08-03050.001-R-1  
PARCEL NO.: 06-19-204-012

The parties of record before the Property Tax Appeal Board are Ahmad Siddiqi, the appellant; and the DuPage County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the DuPage County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$42,100  
**IMPR.:** \$35,250  
**TOTAL:** \$77,350

Subject only to the State multiplier as applicable.

**ANALYSIS**

The subject property is improved with a one-story frame dwelling containing 1,586 square feet of living area. The dwelling was built in 1966 and features a slab foundation, central air conditioning and a one-car garage. The dwelling is situated on 7,500 square feet of land located in York Township, DuPage County, Illinois.

The appellant submitted evidence before the Property Tax Appeal Board claiming overvaluation as the basis of the appeal. In support of this argument, the appellant completed Section IV Recent Sale Data portion of the residential appeal form. The information supplied indicated the subject property was purchased in August 2007 for a price of \$232,500. The appellant's submission also revealed the subject property was sold by a realtor, exposed to the market for 401 days and the buyer and seller were not related. The appellant also submitted a settlement statement for the subject property revealing the contract sales price of \$232,500 on August 23, 2007.

Based on this evidence, the appellant requested that the subject's assessment be reduced to \$77,500.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$85,990 was disclosed. The subject's assessment reflects an estimated market value of \$258,461 or \$162.96 per square foot of living area including land using DuPage County's 2008 three-year median level of assessments of 33.27%.

In support of the subject's assessment, the board of review submitted six comparables in which four comparables had sold and two were strictly equity comparables. The four sales consist of ranch style frame or frame and masonry dwellings that contain from 1,567 to 1,597 square feet of living area. The dwellings were built in 1966 or 1968. The comparables have lot sizes ranging from 7,500 to 10,488 square feet of land area. The comparables sold from September 2006 to November 2007 for prices ranging from \$262,500 to \$310,000 or from \$164.37 to \$197.83 per square foot of living area including land. The two equity comparables are described as ranch style frame dwellings consisting of 1,580 and 1,586 square feet of living area. The comparables were built in 1966 and 1969 and feature full basements. The six comparables have improvement assessments ranging from \$36,090 to \$63,080 or from \$23.03 to \$39.77 per square foot of living area.

Based on the evidence presented, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Property Tax Appeal Board further finds a reduction in the subject property's assessment is warranted.

The appellant argued the subject property was overvalued. When market value is the basis of the appeal, the value must be proved by a preponderance of the evidence. Winnebago County Board of Review v. Property Tax Appeal Board, 313 Ill.App.3d 179, 183, 728 N.E.2d 1256 (2<sup>nd</sup> Dist. 2000). The Board finds the appellant has met this burden of proof.

The appellant submitted information that the subject sold in August 2007 for \$232,500. The appellant is requesting the subject's assessment be reduced to reflect the purchase price. The board of review presented four suggested comparable sales in support of the subject's value. The sales occurred from September 2006 to November 2007 for prices ranging from \$262,500 to \$310,000 or from \$164.37 to \$197.83 per square foot of living area including land.

The board of review argued this evidence supports the subject's assessment of \$85,990 which reflects an estimated market value of

\$258,461 or \$162.96 per square foot of living area including land.

The Board finds the best indicator of value for the subject in the record is the subject's sale in August 2007 for a price of \$232,500 or \$146.60 per square foot of living area including land. The Board finds the board of review did not present any evidence challenging the arm's-length nature of the transaction. Considering the totality of the evidence, the Board finds the subject's estimated market value as reflected by the assessment of \$258,461 is excessive and a reduction is warranted. The Board finds the subject had a market value of \$232,500 as of January 1, 2008. Since fair market value has been established, DuPage County's 2008 three-year median level of assessments of 33.27% shall apply.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
