

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Herman Crayton
DOCKET NO.: 08-03060.001-R-1
PARCEL NO.: 14-33-255-025

The parties of record before the Property Tax Appeal Board are Herman Crayton, the appellant, by attorney Clyde B. Hendricks in Peoria, and the Peoria County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Peoria County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,590
IMPR.: \$14,070
TOTAL: \$16,660

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property consists of a 68 year-old, one-story, cottage style frame dwelling that contains 888 square feet of living area. Features of the home include a full unfinished basement and a 240 square foot detached garage. The subject is located in Peoria, Peoria Township, Peoria County.

Through an attorney, the appellant appeared before the Property Tax Appeal Board claiming overvaluation as the basis of the appeal. In support of this argument, the appellant submitted the subject's property record card, as well as multiple listing sheets and a grid analysis of three comparable properties. The comparables consist of one-story, bungalow or ranch style frame dwellings that were built between 1925 and 1953 and range in size from 858 to 1,007 square feet of living area. All the comparables have full unfinished basement, two have central air conditioning and two have garages that contain 280 or 330 square feet of building area. These properties sold between October 2007 and April 2008 for prices ranging from \$26,500 to \$29,500 or from \$28.12 to \$30.88 per square foot of living area including land. Based on this evidence, the appellant requested the

subject's assessment be reduced to \$8,340, reflecting a market value of approximately \$25,020.

The board of review submitted its Board of Review Notes on Appeal wherein the subject's total assessment of \$16,660 was disclosed. The subject has an estimated market value of \$50,287 or \$56.63 per square foot of living area including land, as reflected by its assessment and Peoria County's 2008 three-year median level of assessments of 33.13%.

In support of the subject's estimated market value as reflected by its assessment, the board of review submitted property record cards and a grid analysis of three comparable properties located in the same assessor's assigned neighborhood code as the subject. The comparables consist of one-story, bungalow, cape, or cottage style frame dwellings that were built between 1935 and 1946 and range in size from 676 to 864 square feet of living area. All the comparables have garages that contain from 240 to 400 square feet of building area, one comparable has central air conditioning and a fireplace and two comparables have full basements, one of which has 300 square feet of finished area. These properties sold between July 2007 and March 2009 for prices ranging from \$45,900 to \$59,000 or from \$66.54 to \$68.29 per square foot of living area including land. Based on this evidence, the board of review requested the subject's assessment be confirmed.

In rebuttal, the appellant argued the board of review's comparables have features not enjoyed by the subject and that the board of review's comparable #3 sold in 2009.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Property Tax Appeal Board further finds no reduction in the subject property's assessment is warranted.

The appellant contends overvaluation as the basis of the appeal. When market value is the basis of the appeal, the value must be proved by a preponderance of the evidence. National City Bank of Michigan/Illinois v. Illinois Property Tax Appeal Board, 331 Ill.App.3d 1038 (3rd Dist. 2002). After analyzing the market evidence submitted, the Board finds the appellant has failed to meet this burden.

The Board finds the parties submitted six comparables for its consideration. The Board gave less weight to the board of review's comparable #3 because its March 2009 sale cannot be relied on to estimate the subject's value as of the January 1, 2008 assessment date at issue in this appeal. The Board finds the remaining comparables were similar to the subject in design, exterior construction, size and some features and sold for prices ranging from \$26,500 to \$59,000 or from \$28.12 to \$68.29 per square foot of living area including land. The subject's estimated market value as reflected by its assessment of \$50,287

or \$56.63 per square foot of living area including land falls within this range. After considering adjustments and differences in both parties' comparables when compared to the subject, the Board finds the evidence in the record supports the subject's assessment and no reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
