

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ivan Aratlakov
DOCKET NO.: 08-20527.001-R-1
PARCEL NO.: 14-20-419-032-0000

The parties of record before the Property Tax Appeal Board are Ivan Aratlakov, the appellant, by attorney Richard J. Caldarazzo, of Mar Cal Law, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 21,626
IMPR.: \$ 0
TOTAL: \$ 21,626

Subject only to the State multiplier as applicable.

ANALYSIS

The subject has 3,100 square feet of land. The appellant, via counsel, argued that there was unequal treatment in the assessment process of the subject's land as the basis of this appeal.

In support of the equity argument, the appellant submitted assessment information for three properties suggested as comparable to the subject. The comparables have improvement assessments ranging from \$3.13 to \$5.50 per square foot of land. The photos and data show that comparables #1 and #3 are the same property. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The Cook County Board of Review submitted its "Board of Review-Notes on Appeal," wherein the subject's land assessment of \$21,626 was disclosed. The board of review submitted a memorandum from Mike Kenny, a licensed appraiser, indicating that the subject property sold in 2007 for \$895,000, or \$288.71 per square foot of land. The board also submitted a copy of the deed and transfer declaration. Based on this evidence, the board of review requested confirmation of the subject's improvement assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board (the "Board") finds that it has jurisdiction over the parties and the subject matter of this appeal.

The appellant contends unequal treatment in the subject's land assessment as the basis of this appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Walsh v. Prop. Tax Appeal Bd., 181 Ill. 2d 228, 234 (1998) (citing Kankakee Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 131 Ill. 2d 1 (1989)); 86 Ill. Admin. Code § 1910.63(e). To succeed in an appeal based on lack of uniformity, the appellant must submit documentation "showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property." Cook Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 403 Ill. App. 3d 139, 145 (1st Dist. 2010); 86 Ill. Admin. Code § 1910.65(b). "[T]he critical consideration is not the number of allegedly similar properties, but whether they are in fact 'comparable' to the subject property." Cook Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 403 Ill. App. 3d at 145 (citing DuPage Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 284 Ill. App. 3d 649, 654-55 (2d Dist. 1996)). After an analysis of the assessment data, the Board finds that the appellant has not met this burden.

The Board finds that comparables #1 and #3 are listed as two distinct properties although they are the same exact property and comparable #2 is vastly larger in size than the subject. Further, there is no range of sales in the evidence presented since only two distinct properties were provided and therefore cannot be analyzed. Therefore, after considering the evidence, the Board finds that the subject's improvement assessment is equitable, and a reduction in the subject's assessment is not warranted.

The constitutional provision for uniformity of taxation and valuation does not require a mathematical equality. A practical, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barret, 20 Ill.2d. 395 (1960). Although the comparables submitted by the parties disclosed that properties located in the same area are not assessed at identical levels, all the constitution requires is a practical uniformity which appears to exist on the basis of the evidence. For the foregoing reasons, the Board finds that the appellant has not proven by clear and convincing evidence that the subject property is inequitably assessed. Therefore, the Property Tax Appeal Board finds that the subject's assessment as established by the board of review is correct and no reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
