The parties of record before the Property Tax Appeal Board are Monika A. Lorencka, the appellant, by attorney Lisa A. Marino, of Marino & Assoc., PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$6,022
IMPR.: \$35,408
TOTAL: \$41,430**

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a 3-story class 2-95¹ dwelling of masonry construction containing 2,183 square feet of living area. The dwelling is 43 years old. Features of the home include a full unfinished basement and a 1-car garage. The property has a 1,581 square foot site and is located in Chicago, Lake View Township, Cook County.

The appellant's appeal is based on assessment equity and contention of law.² The appellant submitted information on three comparable properties described as 2 or 3-story class 2-95 dwellings³ of frame or masonry construction that ranged in size from 1,170 to 2,666 square feet of living area. The dwellings range in age from 12 to 42 years. One comparable has the same neighborhood code as the subject property. One comparable features a full unfinished basement and two are on slab foundations. Two feature central air conditioning and 2-car garages. The comparables have improvement assessments ranging from \$14,136 to \$38,463 or from \$12.08 to \$14.43 per square foot

¹ Individually owned row-house or townhouse up to 62 years.

² The appellant did not submit any argument or evidence regarding the contention of law issue. Therefore, it will not be considered in this decision.

³ Based on photographic evidence.

of living area. The subject's improvement assessment is \$35,408 or \$16.22 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$29,535 or \$13.53 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on four comparable properties improved with 2 or 3-story class 2-95 dwellings of frame, masonry or frame and masonry construction that range in size from 2,282 to 3,070 square feet of living area. The dwellings range in age from 7 to 19 years and are on slab foundations. Each has the same neighborhood code as the subject property. Features of the comparables include central air conditioning and fireplaces. Three have 2-car garages. These properties have improvement assessments ranging from \$37,270 to \$55,345 or from \$16.33 to \$18.03 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessments by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989); 86 Ill.Admin.Code 1910.63(e). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds neither party submitted comparables that were particularly similar to the subject in age, size, style, exterior construction, location and features. However, the Board is bound to make a determination of the subject's correct assessment, regardless of the quality of the evidence. The Board finds both parties submitted comparables with improvement assessments ranging from \$12.08 to \$18.03 per square foot of living area. The subject's improvement assessment of \$16.22 per square foot of living area is within the range established by both parties' comparables. After considering adjustments and differences in both parties' comparables, the Board finds the subject's assessment is equitable and no reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
