APPELLANT: Elaine Govan
DOCKET NO.: 08-21187.001-R-1

The parties of record before the Property Tax Appeal Board are Elaine Govan, the appellant, by attorney Robert K. Gorman in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$5,069
IMPR.: \$52,988
TOTAL: \$58,057**

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a 2-story class 2-11 multi-family dwelling of masonry construction containing 7,867 square feet of living area. The dwelling is 56 years old. The dwelling features a full unfinished basement and a 4-car garage. The property has a 9,750 square foot site and is located in Chicago, Lake Township, Cook County.

The appellant's appeal is based on assessment equity. The appellant submitted information on three comparable properties described as 3-story class 2-11 multi-family dwellings of masonry construction that range in size from 8,052 to 9,348 square feet of living area. The dwellings range in age from 77 to 80 years. Each comparable has the same neighborhood code as the subject property. The comparables feature full basements, one containing a finished apartment. Two comparables feature 4-car garages. The comparables have improvement assessments ranging from \$52,689 to \$56,580 or from \$5.74 to \$6.54 per square foot of living area. The subject's improvement assessment is \$52,988 or \$6.74 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$48,303 or \$6.14 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed.

The board of review presented descriptions and assessment information on four comparable properties improved with 2-story class 2-11 multi-family dwellings of masonry construction that range in size from 3,760 to 4,276 square feet of living area. The dwellings range in age from 80 to 93 years. Each has the same neighborhood code as the subject property. Features of the comparables include full basements, two with finished area and one containing a finished apartment. All four comparables feature 1½, 2 or 2½-car garages. Two comparables have 2 fireplaces. These properties have improvement assessments ranging from \$30,720 to \$36,749 or from \$7.39 to \$9.00 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessments by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989); 86 Ill.Admin.Code 1910.63(e). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds neither party submitted comparables that were particularly similar to the subject in age, size, style, exterior construction, location and features. However, the Board is bound to make a determination of the subject's correct assessment, regardless of the quality of the evidence. The Board finds both parties submitted comparables with improvement assessments ranging from \$5.74 to \$9.00 per square foot of living area. The subject's improvement assessment of \$6.74 per square foot of living area is within the range established by both parties' comparables. After considering adjustments and differences in both parties' comparables, the Board finds the subject's assessment is equitable and no reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
