

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ralph Grande
DOCKET NO.: 08-21993.001-R-1 through 08-21993.002-R-1
PARCEL NO.: See Below

The parties of record before the Property Tax Appeal Board are Ralph Grande, the appellant(s), by attorney Joseph G. Kuser, of Storino Ramello & Durkin in Rosemont; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

DOCKET NO	PARCEL NUMBER	LAND	IMPRVMT	TOTAL
08-21993.001-R-1	02-15-402-005-0000	6,621	65,232	\$71,853,
08-21993.002-R-1	02-15-402-006-0000	5,575	0	\$ 5,575

Subject only to the State multiplier as applicable.

ANALYSIS

The subject has 8,712 square feet of land, which is improved with a 103 year old, two-story, frame and masonry, single-family dwelling. The subject's improvement size is 3,833 square feet of living area, which equates to an improvement assessment of \$17.02 per square foot of living area. The appellant, via counsel, argued that there was unequal treatment in the assessment process of the subject's improvement as the basis of this appeal.

In support of the equity argument, the appellant submitted descriptive and assessment information for three properties suggested as comparable to the subject. The comparables are described as two-story, frame, single-family dwellings. Additionally, the comparables range: in age from 116 to 141 years; in size from 2,458 to 3,936 square feet of living area; and in improvement assessments from \$9.53 to \$14.01 per square foot of living area. The comparables also have various amenities. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The Cook County Board of Review submitted its "Board of Review-Notes on Appeal," wherein the subject's improvement assessment of \$65,232 was disclosed. In support of the subject's assessment, the board of review submitted descriptive and

assessment information for two properties suggested as comparable to the subject. The comparables are described as two-story, frame or frame and masonry, single-family dwellings. Additionally, the comparables range: in age from 81 to 114 years; in size from 2,256 to 3,018 square feet of living area; and in improvement assessments from \$14.51 to \$18.11 per square foot of living area. The comparables also have several amenities. Based on this evidence, the board of review requested confirmation of the subject's improvement assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board (the "Board") finds that it has jurisdiction over the parties and the subject matter of this appeal.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of this appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Walsh v. Prop. Tax Appeal Bd., 181 Ill. 2d 228, 234 (1998) (citing Kankakee Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 131 Ill. 2d 1 (1989)); 86 Ill. Admin. Code § 1910.63(e). To succeed in an appeal based on lack of uniformity, the appellant must submit documentation "showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property." Cook Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 403 Ill. App. 3d 139, 145 (1st Dist. 2010); 86 Ill. Admin. Code § 1910.65(b). "[T]he critical consideration is not the number of allegedly similar properties, but whether they are in fact 'comparable' to the subject property." Cook Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 403 Ill. App. 3d at 145 (citing DuPage Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 284 Ill. App. 3d 649, 654-55 (2d Dist. 1996)). After an analysis of the assessment data, the Board finds that the appellant has not met this burden.

The Board finds that Comparables #2, and #3 submitted by the appellant, and Comparable #2 submitted by the board were most similar to the subject when compared to the five total comparables submitted for review. These comparables had improvement assessments that ranged from \$9.53 to \$14.51 per square foot of living area. The subject's improvement assessment of \$17.02 per square foot of living area is above the range established by the most similar comparables. The board however finds that these three selected comparables are not similar to the subject when compared to size, location and exterior construction. After considering adjustments and differences in both parties' comparables when compared to the subject, the Board finds that the subject's improvement assessment is equitable, and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
