

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Deming Zhou
DOCKET NO.: 08-22262.001-R-1
PARCEL NO.: 04-12-201-004-0000

The parties of record before the Property Tax Appeal Board are Deming Zhou, the appellant, by attorney Christopher G. Walsh, Jr. in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$22,556
IMPR.: \$32,644
TOTAL: \$55,200**

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a multi-level dwelling of frame and masonry construction containing 2,336 square feet of living area. The dwelling is 49 years old. Features include a partial finished basement, central air conditioning, two fireplaces and a two-car attach garage.

The appellant submitted evidence before the Property Tax Appeal Board claiming overvaluation as the basis of the appeal. In support of this claim, the appellant submitted documentation regarding the recent sale of the subject property. The appellant's attorney submitted a brief in support of this argument. Counsel indicated the subject property was purchased in July 2007 for a price of \$575,000 or \$246.15 per square foot of living area, land included. To further document the sale, the appellant submitted a copy of the Illinois Real Estate Transfer Declaration, PTAX-203, disclosing the subject property was purchased in July 2007 for a price of \$575,000. In the brief, counsel argued the subject had a market value of \$575,000 and the assessment should be calculated by applying the 10% median level of assessment for class 2 residential property in Cook County. Based on this evidence, the appellant requested that the subject's assessment be reduced to \$57,500.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$67,010 was disclosed. The subject's assessment reflects a market value of \$698,021 using the 2008 three year average median level of assessments for class 2 property of 9.60% as determined by the Illinois Department of Revenue. (86 Ill.Admin.Code1910.59(c)(2)). In support of the subject's assessment, the board of review presented descriptions and assessment information on four comparable properties to demonstrate the subject property is uniformly assessed. The board of review submitted no market value evidence to support its assessment of the subject property or refute the market value evidence submitted by the appellant. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is warranted.

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. National City Bank of Michigan/Illinois v. Illinois Property Tax Appeal Board, 331Ill.App.3d 1038 (3rd Dist. 2002). Proof of market value may consist of an appraisal of the subject property, a recent sale of the subject property or comparable sales. (86 Ill.Admin.Code1910.65(c)). A contemporaneous sale between two parties dealing at arm's length is not only relevant to the question of fair cash value but practically conclusive on the issue on whether the assessment is reflective of market value. Korzen v. Belt Railway Co. of Chicago, 37 Ill.2d158(1967). After an analysis of the evidence in the record, the Board finds the appellant has met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value in the record is the sale of the subject property in July 2007 for a price of \$575,000. The subject's total assessment reflects a market value of \$698,021, which is higher than its purchase price. The Board finds the board of review submitted equity comparables that did not address the appellant's market value argument. Based on this record the Board finds the subject had a market value of \$575,000 as of the January 1, 2008 assessment date, and the 2008 three year average median level of assessment for class 2 property of 9.60% as determined by the Illinois Department of Revenue shall apply. (See 86 Ill.Admin.Code 1910.59(c)(2)).

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
