

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Timothy Clark
DOCKET NO.: 08-22292.001-R-1
PARCEL NO.: 05-20-224-019-0000

The parties of record before the Property Tax Appeal Board are Timothy Clark, the appellant, by attorney Christopher G. Walsh, Jr. in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$21,600
IMPR.: \$71,110
TOTAL: \$92,710

Subject only to the State multiplier as applicable.

ANALYSIS

The subject consists of a 9,000 square foot parcel of land improved with a two-story, single-family dwelling of frame construction containing 2,458 square feet of living area. The dwelling is 109 years old. Features of the home include a partial unfinished basement and a fireplace.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on four comparable properties described as two-story frame and masonry, frame or stucco single-family dwellings that range in age from 85 to 110 years old. The comparable dwellings range in size from 2,292 to 2,646 square feet of living area. Features include a fireplace, a one car or a two car-garage and a partial unfinished or a full finished basement. The comparables have improvement assessments ranging from \$19.33 to \$26.61 per square foot of living area. The subject's improvement assessment is \$28.93 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's total assessment of \$92,710 was disclosed. The subject's improvement assessment is \$71,110 or \$28.93 per square foot of living area. The board of review

presented descriptions and assessment information on four comparable properties consisting of two-story frame single-family dwellings that range in age from 103 to 124 years old. The dwellings range in size from 2,302 to 2,545 square feet of living area. Features include a full unfinished basement, from a two-car garage to a three-car garage and a fireplace for three properties. These properties have improvement assessments ranging from \$31.02 to \$32.63 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds the comparable #3 submitted by the appellant and comparables #2 and #3 submitted by the board of review are most similar to the subject in location, size, style, exterior construction, features and age. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments that ranged from \$25.30 to \$32.63 per square foot of living area. The subject's improvement assessment of \$28.93 per square foot of living area is within the range established by the most similar comparables. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
