

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Siuprasad & Mansu Pillai
DOCKET NO.: 08-22494.001-R-1
PARCEL NO.: 09-30-401-042-0000

The parties of record before the Property Tax Appeal Board are Siuprasad & Mansu Pillai, the appellants, by attorney Christopher G. Walsh, Jr. in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change, in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$8,078
IMPR.: \$54,388
TOTAL: \$62,466**

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a two-story dwelling of masonry construction containing 2,782 square feet of living area. The dwelling is 7 years old. Features include a full unfinished basement, central air conditioning, a fireplace and a two-car attached garage.

The appellants submitted evidence before the Property Tax Appeal Board claiming unequal treatment in the assessment process. In support of this argument, the appellants submitted information on four comparable properties. The comparables consist of two-story frame or frame and masonry dwellings that range in age from 10 to 35 years old. The comparables have the same assigned neighborhood code and are located within seven blocks of the subject property. The dwellings range in size from 2,541 to 2,994 square feet of living area. Features include full or partial unfinished basements, central air conditioning and two-car attached garages. Comparables #1, #3 and #4 have a fireplace. The comparables have improvement assessments ranging from \$30,159 to \$49,520 or from \$11.69 to \$18.22 per square foot of living area. The subject property has an improvement assessment of \$54,388 or \$19.55 per square foot of living area. Based on this evidence, the appellants requested that the subject's improvement assessment be reduced to \$40,450 or \$14.54 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$62,466 was disclosed. In support of the subject's assessment, the board of review presented descriptions and assessment information on four comparable properties. They consist of two-story masonry dwellings that range in age from 4 to 12 years old. The comparables have the same assigned neighborhood code as the subject and comparable #1 is located within one-quarter mile of the subject property. The dwellings range in size from 2,254 to 3,744 square feet of living area. Features include full or partial unfinished basements, central air conditioning, one or two fireplaces and two or three-car garages. The comparables have improvement assessments ranging from \$50,813 to \$79,451 or from \$19.65 to \$22.54 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellants contend unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

Both parties submitted a total of eight suggested comparable properties for the Board's consideration. The Board gave less weight to the appellants' comparables #1 and #2 due to their age. The Board finds the remaining six comparables are more similar to the subject in age, size, construction and features. These most similar comparables have improvement assessments ranging from \$46,307 to \$79,451 or from \$16.54 to \$22.54 per square foot of living area. The subject's improvement assessment of \$54,388 or \$19.55 per square foot of living area falls within the range established by the most similar comparables contained in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Therefore, no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
