

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John Halpin
DOCKET NO.: 08-22573.001-R-1
PARCEL NO.: 28-29-102-035-0000

The parties of record before the Property Tax Appeal Board are John Halpin, the appellant, by attorney Robert K. Gorman in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,904
IMPR.: \$26,524
TOTAL: \$33,428

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a two-story dwelling of frame and masonry construction containing 2,718 square feet of living area. The dwelling is 20 years old. Features of the home include a partial unfinished basement, central air conditioning, two fireplaces and a 2-car garage.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on three comparable properties described as two-story frame and masonry dwellings that are 16 or 19 years old. The comparable dwellings range in size from 2,566 to 2,820 square feet of living area. Two comparables have full unfinished basements and one comparable has a partial unfinished basement. Two comparables have central air conditioning. Each comparable has a fireplace. Two comparables have 2-car garages and one comparable has a 3-car garage. The comparables have improvement assessments ranging from \$7.96 to \$8.57 per square foot of living area. The subject's improvement assessment is \$9.76 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment

information on four comparable properties consisting of two-story frame and masonry dwellings that range in age from 15 to 21 years old. The dwellings range in size from 2,735 to 3,289 square feet of living area. Three comparables have partial unfinished basements and one comparable has a full unfinished basement. Each comparable has central air conditioning and a fireplace. Three comparables have 2-car garages and one comparable has a 3-car garage. These properties have improvement assessments ranging from \$9.69 to \$10.41 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds the comparables submitted by both parties were similar to the subject in design, size, exterior construction and/or features. These comparables had improvement assessments that ranged from \$7.96 to \$10.41 per square foot of living area. The subject's improvement assessment of \$9.76 per square foot of living area is within the range established by the similar comparables. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
