

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jane M. Moore
DOCKET NO.: 08-23017.001-R-1
PARCEL NO.: 09-20-218-014-0000

The parties of record before the Property Tax Appeal Board are Jane M. Moore, the appellant, by attorney Brian P. Liston, of Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 6,000
IMPR.: \$ 37,234
TOTAL: \$ 43,234

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property consists of two dwellings situated on one parcel containing 6,250 square feet of area. Improvement #1 is an 84 year old, one-story, frame, single-family dwelling. It contains 1,549 square feet of living area, which equates to an improvement assessment of \$13.73 per square foot of living area. Improvement #2 is a 57 year old, one-story, frame, single-family dwelling. It contains 1,033 square feet of living area, which equates to an improvement assessment of \$15.45 per square foot of living area. The appellant, via counsel, argued that there was unequal treatment in the assessment process of the subject's improvement as the basis of this appeal.

In support of the equity argument, the appellant submitted descriptive and assessment information for four properties suggested as comparable for Improvement #1. The comparables are described as one-story, frame, frame and masonry, or stucco, single-family dwellings. Additionally, the comparables range: in age from 79 to 81 years; in size from 1,074 to 1,800 square feet of living area; and in improvement assessments from \$16.63 to \$18.79 per square foot of living area. The comparables also have various amenities. No comparables were submitted for Improvement #2. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The Cook County Board of Review submitted its "Board of Review-Notes on Appeal," wherein the subject's improvement assessment of \$37,234 was disclosed. In support of the Improvement #1's assessment, the board of review submitted descriptive and assessment information for three properties suggested as comparable to the subject. The comparables are described as one-story, frame, masonry, or frame and masonry, single-family dwellings. Additionally, the comparables range: in age from 54 to 83 years; in size from 1,069 to 1,372 square feet of living area; and in improvement assessments from \$20.04 to \$23.13 per square foot of living area. The comparables also have several amenities. No comparables were submitted for Improvement #2. Based on this evidence, the board of review requested confirmation of the subject's improvement assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board (the "Board") finds that it has jurisdiction over the parties and the subject matter of this appeal.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of this appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Walsh v. Prop. Tax Appeal Bd., 181 Ill. 2d 228, 234 (1998) (citing Kankakee Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 131 Ill. 2d 1 (1989)); 86 Ill. Admin. Code § 1910.63(e). To succeed in an appeal based on lack of uniformity, the appellant must submit documentation "showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property." Cook Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 403 Ill. App. 3d 139, 145 (1st Dist. 2010); 86 Ill. Admin. Code § 1910.65(b). "[T]he critical consideration is not the number of allegedly similar properties, but whether they are in fact 'comparable' to the subject property." Cook Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 403 Ill. App. 3d at 145 (citing DuPage Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 284 Ill. App. 3d 649, 654-55 (2d Dist. 1996)). After an analysis of the assessment data, the Board finds that the appellant has not met this burden.

Although the subject property consists of two improvements, the appellant only submitted evidence for Improvement #1, containing 1,549 square feet of building area. The Board finds that comparables #1 and #2 submitted by the appellant and all of the comparables submitted by the board of review were most similar to Improvement #1 in location, improvement size, style and/or amenities. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments that ranged from \$18.47 to \$23.13 per square foot of living area. Improvement #1's improvement assessment of \$13.73 per square foot of living area is well below the range established by the most similar comparables. Therefore, after considering adjustments and

differences in both parties' comparables when compared to the subject, the Board finds that the subject's Improvement #1 assessment is equitable, and a reduction is not warranted. The Board additionally finds that Improvement #2 is also equitably assessed.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
