

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Lawrence Dickstein  
DOCKET NO.: 08-23789.001-R-1  
PARCEL NO.: 05-07-406-043-0000

The parties of record before the Property Tax Appeal Board are Lawrence Dickstein, the appellant(s), by attorney Steven B. Pearlman, of Steven B. Pearlman & Associates in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$28,392  
**IMPR:** \$123,651  
**TOTAL:** \$152,043

Subject only to the State multiplier as applicable.

**ANALYSIS**

The subject property consists of a 11,830 square foot parcel of land improved with a four year old, two-story, frame, single-family dwelling, with 3,919 square feet of living area, three full and two half baths, air conditioning, two fireplaces and a full finished basement. The appellant argued unequal treatment in the assessment process as the basis of this appeal.

In support of the equity argument, the appellant submitted descriptions and assessment information on a total of three properties suggested as comparable. The properties are described as two-story, stucco or frame and masonry, single-family dwellings with three and one half baths, air conditioning, one to three fireplaces, and full finished or unfinished basements for two properties. The properties are 13 to 59 years old with 4,108 to 4,767 square feet of living area and have improvement assessments from \$23.39 to \$24.24 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's improvement assessment of \$123,651 or \$31.55 per square foot of living area was disclosed. In support of the subject's assessment, the board of review presented a description and assessment information on one property suggested as comparable and located within one quarter mile of the subject. The property is described as a two-story, masonry, single-family dwelling with four and one half baths, a full unfinished basement, air conditioning, and three fireplaces. The property is seven years old with 4,871 square feet of living area and has improvement assessments of \$32.11 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the PTAB finds the appellant has not met this burden.

The parties presented a total of four properties suggested as comparable to the subject. The PTAB finds the appellant's comparables and the board of review's comparable most similar to the subject in size, design, and proximity. The properties are described as two-story, stucco, masonry, or frame and masonry single-family dwellings. The properties are 7 to 59 years old with 4,108 to 4,871 square feet of living area and have improvement assessments from \$23.39 to \$32.11 per square foot of living area. In comparison, the subject's improvement assessment of \$31.55 per square foot of living area is within the range of these comparables. Therefore, after considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is supported and a reduction in the improvement assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
