

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jason West
DOCKET NO.: 08-24039.001-R-1
PARCEL NO.: 01-28-208-007-0000

The parties of record before the Property Tax Appeal Board are Jason West, the appellant, by attorney Lisa A. Marino of Marino & Assoc., PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$16,519
IMPR: \$92,628
TOTAL: \$109,147

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property is improved with a two-story dwelling of frame and masonry construction containing 3,910 square feet of living area. The dwelling was 1 year old. Features of the home include a full unfinished basement, central air conditioning, two fireplaces and a four-car attached garage. The property has a 34,416 square foot site and is located in South Barrington, Barrington Township, Cook County.

The appellant's appeal is based on assessment equity. The appellant submitted information on three comparable properties described as two-story dwellings of masonry or frame and masonry construction that ranged in size from 3,846 to 4,964 square feet of living area. The dwellings were either 1 or 2 years old and all had the same neighborhood code as the subject property. Features of the comparables include a full unfinished basement, central air conditioning, one or two fireplaces and three-car attached garages. The comparables have improvement assessments ranging from \$60,694 to \$82,204 or from \$15.78 to \$19.49 per square foot of living area. The subject's improvement assessment is \$92,628 or \$23.69 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$67,565 or \$17.28 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on three comparable properties improved with two-story dwellings of masonry or frame and masonry construction that range in size from 3,898 to 4,216 square feet of living area. The dwellings were all 1 year old. Each has the same neighborhood code as the subject property. Features of the comparables include a full unfinished basement, central air conditioning, a fireplace and a three-car attached garage. These properties have improvement assessments ranging from \$92,342 to \$102,342 or from \$23.69 to \$25.72 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessments by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989); 86 Ill.Admin.Code 1910.63(e). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The parties to the appeal submitted a total of six comparable properties for the Property Tax Appeal Board's consideration. The Board gave diminished weight to appellant's comparable number 2 due to the significant difference in size when compared to the subject property. This comparable had 1,054 square feet more of living area than the subject property. The remaining five comparables had improvement assessments that ranged from \$60,694 to \$102,342 or from \$15.78 to \$25.72 per square foot of living area. The subject's improvement assessment of \$92,628 or \$23.69 per square foot of living area falls within the range established by the comparables in this record. The Board finds that all five of the comparables are inferior to subject in physical characteristics and amenities. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement assessment was inequitable. Therefore, the Board finds the subject's assessment is supported by the evidence in the record and that a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
