

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Susan Brandstetter
DOCKET NO.: 08-24131.001-R-1
PARCEL NO.: 14-33-414-002-0000

The parties of record before the Property Tax Appeal Board are Susan Brandstetter, the appellant, by attorney David R. Bass, of Thompson Coburn LLP in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 22,049
IMPR.: \$ 40,041
TOTAL: \$ 62,090

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property contains a 3,675 square foot parcel of land improved with a one-story dwelling of frame construction containing 688 square feet of living area. The dwelling is 115 years old. Features of the home include one bathroom.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted information on four comparable properties described as one-story frame or frame and masonry dwellings that range in age from 108 to 128 years old. The comparable dwellings range in size from 804 to 993 square feet of living area. Three of the properties have a full unfinished basement and one property has a full basement with a recreation room. Features include one bath, one property has a fireplace, and two have air conditioning. The comparables have improvement assessments ranging from \$42.48 to \$45.58 per square foot of living area. The subject's improvement assessment is \$58.20 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$62,090 was disclosed. The board of review presented a description and assessment information on one comparable property consisting of a one-story frame dwelling that is 109 years old, has one and one half-bath, a partial unfinished basement, and one fireplace. The property has an improvement assessment of \$61.60 per square foot of living area. Based on this evidence, the board of review requested conformation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds comparables #2 and #4 submitted by the appellant and the comparable submitted by the board of review were most similar to the subject in style, exterior construction, features and age. Due to their similarities to the subject, these comparables received the most weight in the Board's analysis. These comparables had improvement assessments that ranged from \$42.48 to \$61.60 per square foot of living area. The subject's improvement assessment of \$58.20 per square foot of living area is within the range established by the most similar comparables. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
