

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Alan & Elica Meyer  
DOCKET NO.: 08-24683.001-R-1  
PARCEL NO.: 22-29-127-004-0000

The parties of record before the Property Tax Appeal Board are Alan & Elica Meyer, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$ 648  
**IMPR.:** \$ 0  
**TOTAL:** \$ 648

Subject only to the State multiplier as applicable.

**ANALYSIS**

The subject is a vacant parcel of land with a total assessment of \$6,787. This assessment yields a fair market value of \$70,698, after applying the 2008 Illinois Department of Revenue three year median level of assessment for Class 2 properties of 9.60%. The appellant argued that the fair market value of the subject property was not accurately reflected in its assessed value as the basis of this appeal.

In support of the market value argument, the appellant submitted a land appraisal report for the subject property with an effective date of July 10, 2009. The appraiser estimated a fair market value for the subject of \$6,750 based on the sales comparison approach to value. The appraisal states that the subject contains 9,022 square feet of land. The appraiser also conducted an inspection of the subject.

Lastly, the board of review's evidence states that the subject contains 8,931 square feet of land. No further evidence was submitted regarding calculation of square footage. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The Cook County Board of Review submitted its "Board of Review-Notes on Appeal," wherein the subject's total assessment

of \$6,787 was disclosed. In support of the subject's assessment, the board of review submitted four properties suggested as comparable to the subject. These comparables are parcels of land which have land assessment of \$4.75 per square foot of land, and range in size from 10,500 to 20,024 square feet of land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

At hearing, the appellant described the property as an unbuildable lot that he purchased from the Village of Lemont. He asked that the Board reduce his assessment to reflect the appraised value.

After reviewing the record, considering the evidence, and hearing the testimony, the Property Tax Appeal Board (the "Board") finds that it has jurisdiction over the parties and the subject matter of this appeal.

When overvaluation is claimed, the appellant has the burden of proving the value of the property by a preponderance of the evidence. Cook Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 339 Ill. App. 3d 529, 545 (1st Dist. 2002); National City Bank of Michigan/Illinois v. Prop. Tax Appeal Bd., 331 Ill. App. 3d 1038, 1042 (3d Dist. 2002) (citing Winnebago Cnty. Bd. of Review v. Prop. Tax Appeal Bd., 313 Ill. App. 3d 179 (2d Dist. 2000)); 86 Ill. Admin. Code § 1910.63(e). Proof of market value may consist of an appraisal, a recent arm's length sale of the subject property, recent sales of comparable properties, or recent construction costs of the subject property. Calumet Transfer, LLC v. Prop. Tax Appeal Bd., 401 Ill. App. 3d 652, 655 (1st Dist. 2010); 86 Ill. Admin. Code § 1910.65(c). Having considered the evidence presented, the Board finds that the evidence indicates a reduction is warranted.

In determining the fair market value of the subject property, the Board finds the best evidence to be the appellant's appraisal. The appellant's appraiser utilized the sales comparison approach to value in determining the subject's market value. The Board finds this appraisal persuasive because the appraiser has experience in appraising, personally inspected the subject property, reviewed the property's history, and used similar properties in the sales comparison approach while providing adjustments that were necessary. The Board gives little weight to the board of review's evidence as it did not address the appellant's market value argument.

Therefore, the Board finds the subject had a market value of \$6,750 for the 2008 assessment year. Since the market value of this parcel has been established, the 2008 Illinois Department of Revenue three year median level of assessment for Class 2 property of 9.60% will apply. 86 Ill. Admin. Code § 1910.50(c)(2)(A). In applying this level of assessment to the subject, the total assessed value is \$648, while the subject's current total assessed value is above this amount. Therefore, the Board finds that a reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
