

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jose Thomas  
DOCKET NO.: 08-24996.001-R-1  
PARCEL NO.: 01-28-208-024-0000

The parties of record before the Property Tax Appeal Board are Jose Thomas, the appellant, and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$9,931  
**IMPR.:** \$72,732  
**TOTAL:** \$82,663

Subject only to the State multiplier as applicable.

**ANALYSIS**

The subject property contains 20,691 square feet of land which is improved with a 2-story dwelling of frame and masonry construction containing 3,898 square feet of living area. The dwelling is 1 year old. Features of the home include a full unfinished basement, central air conditioning, a fireplace and a 3-car garage. The dwelling is located in South Barrington, Barrington Township, Cook County.

The appellant submitted evidence before the Property Tax Appeal Board claiming overvaluation as the basis of the appeal. In support of the overvaluation argument, the appellant submitted an appraisal report in which a market value of \$815,000, or \$209.08 per square foot of living area including land, was estimated for the subject property as of July 1, 2009. The appraiser developed the sales comparison approach and the cost approach in estimating the market value of the subject property but gave primary emphasis to the sales comparison approach since that more accurately reflects the actions of buyers and sellers. The appraiser considered three comparable properties that sold from September 2008 through May 2009, for prices that ranged from \$755,000 to \$895,000, or \$196.31 to \$243.86 per square foot of living area including land. The appellant also disclosed in Section III of the appeal petition that the subject sold in July 2007 for \$909,387 or \$233.30 per square foot of living area

including land. Based on this evidence the appellant requested that the subject's total assessment be reduced to \$82,663.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$90,939 was disclosed. The subject's assessment reflects a market value of \$947,281 or \$243.02 per square foot of living area, land included, using the 2008 three-year median level of assessments for class 2 residential properties in Cook County of 9.60% as determined by the Illinois Department of Revenue. The board of review presented descriptions and assessment information on four equity comparable properties, none of which had recently sold. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Property Tax Appeal Board further finds the evidence in the record supports a reduction in the subject's assessment.

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal, the value must be proven by a preponderance of the evidence. National City Bank of Michigan/Illinois v. Illinois Property Tax Appeal Board, 331 Ill.App.3d 1038 (3<sup>rd</sup> Dist. 2002). Proof of market value may consist of an appraisal of the subject property, a recent sale of the subject property or comparable sales. (86 Ill.Admin.Code 1910.65(c)). After an analysis of the evidence in the record, the Board finds a reduction in the subject's assessment is warranted.

The appraiser estimated a market value of \$815,000 for the subject property as of July 1, 2009, eighteen months after its assessment date of January 1, 2008. The subject was purchased July 12, 2007, six months prior to its January 1, 2008 assessment date, for \$909,387. The subject's assessment reflects a market value of \$947,281, which is in excess of the market value estimate contained in the appraisal report. The board of review submitted no sales comparables. The Board finds that the board of review did not sufficiently refute the appellant's market value conclusion contained in the appraisal report.

Based on this record, the Board finds a reduction in the subject's assessment commensurate with the appellant's request is appropriate.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
