

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mary Bielanski
DOCKET NO.: 08-25096.001-R-1
PARCEL NO.: 19-31-407-034-0000

The parties of record before the Property Tax Appeal Board are Mary Bielanski, the appellant, by attorney Michael R. Davies, of Law Offices of Michael R. Davies, Ltd. in Oak Lawn; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 7,506
IMPR.: \$ 66,679
TOTAL: \$ 74,185

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property consists of 11,039 square feet of land improved with a 12-year old, three-story, masonry, multi-family dwelling. The improvement contains 6,804 square feet of living area as well as a full basement, five apartments, and a four-car garage.

The appellant argued that there was unequal treatment in the assessment process of the subject's land and improvement as the basis of this appeal.

In support of the equity argument, the appellant submitted descriptive and assessment data for four suggested comparables located within an 11-block radius of the subject. They are improved with a three-story, multi-family dwelling with masonry exterior construction and 5,880 square feet of living area. They range in age from 27 to 40 years and in improvement assessments from \$8.22 to \$8.30 per square foot. The subject's improvement assessment is at \$10.03 per square foot of living area. The properties also include varying amenities. Based upon this analysis, the appellant requested a reduction in the subject's assessment.

The board of review submitted "Board of Review-Notes on Appeal" wherein the subject's total assessment was \$75,697. The board of review submitted descriptive and assessment data relating to one suggested comparable. It is improved with a 13-year old, three-story, masonry, multi-family dwelling with a partial basement, four-car garage and five apartments therein. The improvement contains 7,140 square feet of living area with an improvement assessment of \$9.82 per square foot. As a result of its analysis, the board requested confirmation of the subject's assessment.

After considering the arguments as well as reviewing the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the data, the Board finds that the appellant has met this burden and that a reduction is warranted.

In totality, the Board finds that the parties' comparables are all most similar to the subject in style, improvement age, size, and/or amenities. In analysis, the Board accorded most weight to these comparables. The five comparables range in improvement assessments from \$8.22 to \$9.82 per square foot of living area. The subject's improvement assessment at \$10.02 per square foot is above the range established by these comparables.

Therefore, the Board finds that the appellant has demonstrated that the subject is inequitably assessed and that a reduction in the subject's improvement assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
